Students Take City Reins

By RON BATES

DALY CITY'S treasurer took a $4200 a year cut in salary Monday when an acting city council, composed of students from Westmoor and Jefferson High schools, met in a windup meeting of Daly City's Youth in Government program.

The salary cut was one of several pieces of legislation discussed by the student politicians. Others included a new city hall, regulation of teen-age night clubs, a transportation study, incentive bonus awards for city employees and endorsement of the $35-million city-county road bond issue.

The meeting was even complete with a complaint from an irate citizen.

Acting City Treasurer Jack Petranker urged the council to eliminate the city treasurer because "the job has, in many respects, become superfluous." And he added:

Treasurer Gets Salary Cut

"Many of the duties of the treasurer have been taken over by the Finance Director, who has a college degree and is trained to handle the technical aspects of the job. "The elected city treasurer has no special background."

A motion by Jefferson student Tony Matteucci to completely eliminate the position died for lack of a second.

Westmoor student Mark Clark's compromise motion to put the treasurer's job on a nominal fee-volunteer basis similar to that of a councilman was unanimous.

"In this way he will be fulfilling his watchdog role over city funds," he said, "and getting paid for the work he does."

Petranker said the actual work of the city treasurer could be done "in about an hour a day."

He said that the people are "being fooled" when they vote for the City Treasurer because he is not doing the job that the position was originally designed for.

IN DISCUSSING the purchase of a new city hall, student City Manager John Cummings said the council should give "serious consideration" to the purchase in the near future.

"Our present city hall was built for a city of 9000, he said. "Daly City has a population of about 55,000 now and things are getting cramped. Several departments have been crowded out of the building."

City Engineer William Willoughby reported that the cost of a new building would range from $750,000 to $1-million. He noted:

"The addition of a library in the building would bring the cost to $850,000 and with court facilities it would cost a million."

Councilman Clark urged that the council "get started before construction costs get too high."

Mayor Ray Archuleta referred the matter to a technical staff for a detailed report.

Personnel director Evelyn Morabe's plan for city employee incentive bonus awards of five per cent also found its way back to the study table and further reports.

Miss Morabe said the awards would "get the people in the city departments to work harder."

Finance Director Tony Thomas said he didn't feel an incentive program was needed—at least in the finance department.

"During my visit in the department, I found all the em- (Please See Page 2, Column 1)

COUNCIL IN DILEMMA, VERDUCCI SAYS

Moves Towards Emergency Hospital Service Criticized

Recent attempts by the Daly City council to obtain emergency medical facilities in this area were sharply criticized Monday.

At the same time, the City council was told that negotiations between the county and a nearby hospital in San Francisco were taking place.

The hospital is not tax-supported and can provide emergency service on a contract basis.

Mayor Joseph Verducci said he received a telegram and letter from Dr. Sanford Marcus of Daly City, asking that the city council condemn "unethical practices" of physicians "descending upon the city."

Marcus said the problem of providing "proper medical service" can only be handled at such approved institutions as Peninsula hospital in Burlingame and Kaiser Foundation hospital in South San Francisco.

He said if small proprietory hospitals are allowed to blossom, the public would be "endangered."

Dr. Alfred Marquez, a San Francisco surgeon, told the city council last month he planned to set up an emergency facility in the Broadmoor area, similar to the former Junipero Serra Emergency hospital.

Junipero Serra, a 12-bed private hospital owned and operated by Dr. Lawler Drees, was closed March 18 to make way for a freeway.

All emergency accident and suicide cases had been taken there by police and fire departments.

The new Mary's Help hospital will provide emergency service when it is completed in 1965. The council is concerned because of the distance to Peninsula and Kaiser hospitals from Daly City.

"We are in a dilemma," Verducci said. "We must provide emergency services to the people. However, we can't give the people anything that has not been given the approval of competent medical authorities."

Councilmen Robert St. Clair and Micheal DeBernardi asked for a "defined statement as to what constitutes an approved emergency facility."

"If I cut my jugular vein, I don't need a staff of 40 people to take care of me," DeBernardi said. "I need a good doctor with a needle and thread. I want to be taken some place locally.

"There will be a period where we will be without any type of emergency facilities. We should provide the best possible service as close as we can.

"The county medical office has to base its decision for approval on some criteria. Why not let us know what a doctor needs."

Verducci said no one can stop a doctor from opening a hospital. "We just can't endorse it, though, without advice from the county medical office."

Marcus also had complained that in several incidents police officers have countermanned the suggestions of ambulance attendants and have taken patients to a private doctor.

City Attorney Paul Hupf said the police have orders not to make recommendations. The city asked Marcus to cite specific incidents.

Hupf said not all doctors are keen on taking emergency patients and any doctor was welcome to contact the city to offer his services. The city would ro-

Mary's Help Hospital Construction Underway

Daly City's first major hospital got off to a rousing start Saturday afternoon when some 1000 persons warmly applauded the formal start of Mary's Help hospital on a wind-swept hill overlooking Eastmoor avenue and Junipero Serra boulevard.

The occasion was a ground breaking ceremony and although the top brass expected for the event didn't show up, the first shovel-fulls of dirt were turned and construction formally begun.

Gov. Edmund G. Brown, unable to be present, sent a wire instead, congratulating the Sisters of Charity who will administer the hospital and offering a "prayer that Mary's Help will be a success."

In the governor's absence, the state was represented by Dr. Malcolm Merrill, director of Public Health for California.

San Francisco Mayor George Christopher also was unable to be present and sent a wire expressing his best wishes for the project.

Daly City Vice Mayor Michael De Bernardi, acting on behalf of Mayor Joseph Verducci who was out of town, called the start of the hospital "one of the greatest things I think I've seen happen to Daly City."

Judge George B. Harris, master of ceremonies and chairman of the "Committee of 100" who advise the Sisters in the project, termed the project "a magnificent beacon of help" and an "inspiring monument to leadership."

In a solemn note, the judge noted that "ground breaking is not building a hospital."

He explained that $1.5-million must be raised if the hospital is to be completed as planned. And he added pointedly:

"Mary's Help is not a Catholic hospital per se. It is to be a non-profit community hospital for all the people."

Sister Administrator Hermione, who will head the staff of Sisters operating the hospital,

Jeff High Board to Vote 'Yes'

Jefferson Union High school trustees voted Monday to endorse the county committee's proposal to unify all schools in the district only for the purpose of bringing the matter to the voters for decision.

Trustees deplored the mandatory position of the state school reorganization law, which forces local school districts to come up with a unification proposal. The county committee's proposal is preferable to any of the alternatives suggested by north county elementary districts that would splinter the present Jefferson Union High school district, trustees decided last night.

Trustee Elio Fontana, who prepared the resolution approved by the board, said that "if the facts are properly presented to the citizens, I seriously doubt voters will endorse this program of unification."

Fontana said the costs of education would increase under unification since the unified district would have to adopt the maximum teacher salary schedule for all teachers and raise all salaries. This could add $500,000 to the school budget, he said.

"If you think the cost of education is high now, wait till you unify," he warned.

There is a trend today toward decentralization in both business and government; unifying schools is a step backward, Fontana maintained. He claimed citizens would not work for and support a vast unified network. Calling the school unifying move "a political stepping stone for many legislators," Fontana said what is needed is unification on a statewide basis under a program which will retain local board control of schools and equalize rich and poor school districts.

The long delayed Jefferson High school addition is now 95 per cent complete. Superintendent Edward

Worry Over Teen Night Club Stated

Both educators and students Monday night expressed concern over the opening of a new teenage night club in Colma last weekend.

The club, a private, commercial operation, opened its doors in the former Colombo hall at 15 San Pedro road. Hours are 8 p.m. to 1 p.m. Friday and Saturday nights.

The club was discussed at a meeting of the Jefferson Elementary School district board of trustees and by students participating in a youth and government program in Daly City hall.

Thomas Noonan, president of the school district's board of trustees, noted that the teen-age night club is "the first one of these things we've had in this area." And he added:

"It's not sponsored by any (Please See Page 2, Column 5)

Hope Diamond (A Fake One) Is Stolen

The famed 44-carat Hope diamond was stolen in Daly City last week.

Well, not REALLY the Hope diamond. Only a replica.

It was one of several replicas of the world's most famous diamonds being displayed in the show window of Westlake Jewelers in the Westlake Shopping center.

The real gems are worth about $20-million. Value of the replicas totaled $2310.

Charles Maroosis, Westlake Jewelers owner, said the thief had to crawl on hands and knees for about 30 feet behind a counter to escape detection and reach the display.

Elementary Staff Asks Salary Rise

By DON MILLER

Jefferson Elementary school teachers Monday night asked the district's board of trustees for a pay raise similar to that granted last month to Jefferson High school district teachers.

The request was met at first by silent disbelief before the board indicated it would study the request.

Elementary teachers were given a pay boost last year. At that time, trustees told teachers the raise would have to suffice for two years.

Schools Superintendent Richard Foster reported that the proposed budget for 1963-64 was based on current salary schedules.

Trustee Joseph Lewkowitz, after hearing the request for a new schedule, reminded teachers that they had "agreed" not to ask for more money this year.

Board President Thomas Noonan, however, declared that the board would be willing at any time to hear the requests of teachers. He said the board was not running a closed operation.

The request for a pay boost was presented by Charles E. White, chairman of the finance committee of the Jefferson Classroom Teachers' association.

White distributed copies of a brochure his committee had prepared, outlining current salary schedules and how they compared with wages paid workers in other fields in the Bay area.

The schedules also comparcd teachers' salaries with the minimum down payments required in housing developments within the area covered by the elementary district.

White pointed out that no teacher's salary in the district could meet finance requirements for buying a home in the new Fairmont subdivision in Pacifica.

He also noted that all Class A teachers on the first two steps of the current salary schedule earn

Ten Contestants Vie for Daly City Beauty Crown

The number of entrants in the annual Miss Daly City contest jumped sharply last week to ten.

The preliminaries of the Chamber of Commerce sponsored event are planned May 24.

Residents will get a preview of the contest participants in a special Beauty Pageant Section next Wednesday in this newspaper.

Girls who have submitted applications are: **Patricia Monahan**, 263 Station avenue; **Alison Trigg**, 201 South Mayfair avenue; **Diane Puccini**, 210 Willits street; **Susan Freiere**, 372 Bellevue street; **Judi Ann Homan**, 607 Florence street; **Pat Allen**, 33 Huntington drive; **Shannon Halstead**, 240 Belhaven avenue; **Karen Schroeter**, 40 Crestview drive; and **Sandy Zanoni**, 58 Partridge avenue.

To be eligible, a girl must be between 16 and 25, a resident of Daly City for at least six months, single and never married before.

Applications and tickets to the pageant are available at the Chamber of Commerce office, 6454 Mission street. Tickets are also available at the office of The Post, 30 Park Plaza drive.

Reigning monarch Susan Thorne will relinquish her crown in colorful ceremonies at the Elks club in South San Francisco on June 5, according to Fred Martin, chairman.

The move to South San Francisco was necessary, Martin said because there is no facility large enough to accommodate the expected crowd.

Bike Safety Program Set

A bicycle safety program by the Daly City police department will be held at the Olympia school on May 25 from 9:30 a.m. to 12:30 p.m.

The program is sponsored by the police department and the P-TA units of Olympia and Fernando Rivera elementary schools.

The police department will show safety movies, distribute safety booklets and register bicycles.

The program is open to all interested persons.

Teen Advice Column Coming

A bright, new feature for teenage readers will begin in The Post next week.

Called "Teen-ager Asks . . .," the feature will be a lively column of advice for teen-agers written by Joseph Bavaresco, author and lecturer on teen-age matters and at present the president of the Daly City-Colma Junior chamber of commerce.

Bavaresco previously wrote an award-winning column of advice for teen-agers in the San Francisco Portola News.

It won recognition from the Parent Teachers association as an outstanding, teen-age advice column and also won an award from church organizations in San Francisco.

Bavaresco was the driving force behind the Daly City Teenage Junior Chamber of Commerce when it became a reality early this year.

The group was the first of its kind to be organized in the United States and has drawn inquiries from interested groups throughout the country.

Teen Advice

Bavaresco is a graduate of the City College of San Francisco and San Francisco State college where he received his degree in adolescent psychology.

He recently was appointed an associate with the Michael J. Carroll agency of the Ohio National Life Insurance company in San Francisco.

He and wife, Barbara, are the parents of a ten-months-old boy, Joey.

Teen-agers are urged to write Bavaresco about their problems. He will answer them through his "Teen-ager Asks" column.

All letters should be addressed to Joseph Bavaresco, Teen-ager Asks, The Post, 30 Park Plaza drive, Daly City.

ployees to be very enthusiastic," he said. "They find enough satisfaction in their work."

THE YOUNG council came in for some needling from a real councilman, Francis Pacelli, who took the role of council-baiter.

"I've got a chuck hole right in the middle of my street," he said. "I've called the public works department on numerous occasions and got no results."

City Engineer Willoughby showed political poise when the "hot potato" was tossed to him by Mayor Archuleta.

"Since you are the only complaining taxpayer on that street and since we must look to the needs of the majority, you'll have to wait," he said. And he added:

"The city can't afford to patch up every chuck hole in the city. It's just too expensive. Besides you are already complaining about taxes."

In other action, the council allotted $5000 for a private study of bus transportation in Daly City. The council considered subsidizing the extension of the San Francisco Municipal Railway system to Daly City.

The council also endorsed the $35-million county-city road bond issue coming before the voters June 4 and allotted funds for publicity.

THE MEETING culminated a week of activity in which 17 students participated in turning the wheels of city government.

The student officers were:

Westmoor — Clark and Gloria Moore, councilmen; Paula Hirshberg, city clerk; Petranker, treasurer; Cummings, city manager; Thomas, finance director; Tito Torres, fire chief, and Charlotte Corvo, city librarian.

Jefferson — Bob Dumont,, Miss Matteucci, and Archuleta, councilmen; Willoughby, city engineer; Miss Morabe, personnel director; Sieglinde Carstens, building inspector; Rey Obligacion, police chief; Margaret Jimenez, recreation director; and Veronica Pack, planning technician.

The students worked with department heads during the week and drafted legislation for consideration at a study session Thursday and Monday's meeting.

The students were guests at a luncheon at Val's restaurant Monday afternoon and an informal dinner prior to the council meeting.

Willis Hawley, assistant to the Daly City manager, and Alan Boyd, youth supervisor for the Department of Recreation, acted as co-chairmen for the program.

They were assisted by Frank Kane, advisor at Jefferson and Richard Hart and Hildegard Sidel, advisors at Westmoor.

The students will meet soon to evaluate their experiences and offer suggestions for next year's program, Hawley said.

less than janitors in San Francisco. And he added:

"You'll note that the majority of teachers in the district make less than an ambulance driver in San Francisco."

White said the teachers were proposing a new salary structure that would provide an average boost in take-home-pay of $6.97 a week.

He added that under the proposal, the average wage in the district would be $7014 a year.

A long silence followed the end of White's presentation. Finally, Noonan asked if any members of the board had any comment.

Trustee O. Wayne Douglas said he thought the proposal should be considered by all board members (two were absent last night) and asked that members be given time to study the presentation.

The board, in the end, decided to do just that and will take up the salary request in two weeks.

The salary boost granted high school teachers last month averaged about 7.5 per cent for all teachers.

tate the calls to them.

In other action, the council proclaimed June 1 Ricco Benedetti Day.

Benedetti is the senior police officer in Daly City with 35 years of service. He will retire in July.

The council took a legal step on the annexation of Bayshore City by passing a resolution setting July 2 as the date for a special election.

The council requested the services of the county clerk to run the election and provide special equipment.

Jefferson High School District Will Vote 'Yes'

(Continued from Page 1)

Morgan told trustees that he expected to start moving equipment into the new building in about a week.

The contractor, James Roberts company, has been informed that Jefferson district will assess damages for failing to complete the contract by the specified date early in April. School inspectors' reports to the contractor, presented Monday listed a number of items to be corrected, and an architect's report said supervision of the project was poor, with considerable disorganization and lack of co-ordination of the trades that work on the building.

Morgan told trustees he expects it will cost the district $10,000 to replace lower floor windows at Terra Nova High school with non-glare glass, to cut down on a ventilation problem.

Deaths

GEORGE H. EILERS

Funeral services for George H. Eilers, 1165 Village lane, Daly City, were held last week by the N. Gray chapel in Daly City.

His wife, Grace is the only survivor. He was a member of the Santa Barbara Lodge F&AM 192, a life member of the Scottish Rite Temple in Los Angeles, and a member of the Shrine Islam Temple in San Francisco.

He was employed by the Mo-Pac Railroad company for 31 years and retired a year and a half ago. He lived in Daly City for the past 22 years.

Interment was in the family plot in Sacramento.

Westmoor Water Leaks Get Worse

Immediate emergency measures to stop the loss of water from leaks in Westmoor High school's heating system, now at 11,000 gallons every 24 hours, was authorized by Jefferson Union High school trustees Monday.

A. L. Buonaccorsi, consulting engineer, said the major leak in the heating system had been located in an area near the cafeteria and kitchen, but there definitely are other leaks, the extent of which can only be determined after the main one has been sealed off.

His firm was authorized to proceed with stopgap measures by shutting off two main lines to the point of the leak and bypassing them by running a temporary surface line to the kitchen.

Water System

The engineer was authorized to proceed with preparations of plans and specifications for permanent correction of the defective hot water system.

Buonaccorsi disagreed with a report by Herbert Bentley of Industrial Heat Controls Inc. that the lost water was causing serious damage underneath the school and that if it is not corrected immediately, the structure of the school is endangered and the welfare of students and personnel jeopardized. Buonaccorsi told trustees he believes the water being lost from the heating system was seeping into the ground and not remaining on the surface where it could begin to undermine the building. He said the soil engineer for the school claimed the ground is capable of absorbing the water. However, trustees, anxious about the matter, authorized test borings to be made on the soil.

Contractor for the Westmoor High school, Theo G. Myer and Sons of San Francisco has denied responsibility for the defects in the heating system, pointing out that the system was approved by the school district inspector at the completion and claiming that present difficulties are a maintenance problem, trustees learned last night. Morgan said the district attorney's office has notified the contractor that the district is reserving the right to claim damages against the firm when it is known what corrective measures will have to be taken.

Boyd Wins Scholarship

Alan Boyd, youth supervisor for the Daly City Department of Recreation, was awarded the Alta Simms Bunker Recreation Scholarship for graduate study Monday at the City Council's meeting.

Joseph Rodota, chairman of the scholarship committee for the California Recreation and Park society made the presentation.

Boyd competed on a state-wide level for the $250 scholarship.

Rodota said the award is made to stimulate the advance of education in recreation.

Mayor Joseph Verducci congratulated Boyd and said the "fact that he has won such a high statewide award justifies our faith in hiring him to work with our youth."

The council instructed the city attorney to draw up an award of commendation to Boyd for his efforts in youth activities.

Boyd was co-chairman of a "Youth in Government" program, which was concluded prior to the regular council meeting.

This 'n That. Pups 'n Cats In Pet Show

Everybody won in Pacifica's pet show, held last Saturday, after two postponements because of rainy weather. Sponsored by the Park, Beach and Recreation department, the show was held in the City Hall parking lot.

The competition was divided very simply into three classifications: dogs, cats and miscellaneous.

Judges were Janette Howell, Dan Baretto, and Alene Lavery.

Prize for the best costumed pet in the entire show went to Nancy Hall for her guinea pig dressed in a pink dress and bonnet. Most colorful entry was Danny Baretto with his painted turtle and Barbara Mau with guinea pigs. Most unusual entry was Michael Robison with a chipmunk and Walter Campbell with pigeons.

Among the prize winning dogs were: smallest dog, Joan Rice; trickest, Preston Porter; best behaved, Helen Van Orden and Michael Kelly; largest, Jack Wiley.

church group or anything and I don't know—I've heard of another one that doesn't have a very savory reputation."

Noonan said that "personally, I think it's something we can do without. It's being run for a profit by a private individual and I just wonder what kind of a place it will turn out to be."

He noted that no law existed that prevented the operation of such a venture and said he didn't think the San Mateo county board of supervisors was in agreement with the idea of a teen-age night club.

Trustee Joseph Lewkowitz observed: "I can say something about this. It would be pretty hard to control this thing. It would have to be properly policed, which is almost impossible."

Trustee O. Wayne Douglas said "I'm sure we're not opposed to dancing and such things. I would think we would not object if the youngsters were properly chaperoned . . . we should ask what assurance they (the operators) can give us."

At the end of the discussion, Noonan indicated the board's views on the club would be set down in a letter to the operators.

The students expressing concern over the new venture discussed the club while "running" the government of Daly City at a youth city council meeting.

Mark Clark, Westmoor High school student council president who was a city councilman Monday night, noted:

"Although the club is in Colma, its location is such that the city should be concerned because it draws from the teen-agers in Daly City and the surrounding area.

"It will present problems in parking, police protection and fire protection."

five districts into an area now encompassing the Jefferson High school district.

The plan faces an uncertain fate. The Jefferson Elementary District has indicated it will vote against the proposal while the Jefferson High District Monday night said it will cast a favorable ballot.

The other districts, Brisbane, Laguna Salada and Bayshore, have indicated in the past they are against the plan.

Each of the five districts will have one vote. District representatives will vote with the 11 regular members of the county committee.

Mary's Help Construction Under Way

emphasized the community nature of the project.

She said the hospital would conduct such activities as first aid instruction, classes for expectant mothers, refresher classes for nurses "and even baby-sitting classes if they're needed."

The ground breaking ceremonies were conducted by Archbishop Joseph T. McGucken who blessed the land and then pitched in with Sister Hermione, De Bernardi and Dr. Merrill to turn the first shovels of dirt.

The new hospital will rise 12 floors and ultimately have 400 beds. Total cost is expected to exceed $8-million.

The building will replace the present Mary's Help hospital in the Mission district of San Francisco, which officials say cannot be economically modernized or expanded.

The new hospital was located in Daly City to serve an area medical authorities decided some time ago was urgently in need of modern hospital facilities.

Foreign Students In Panel Talk

Several Westmoor students were treated to an informative afternoon at the American Field Service panel discussion last week in the Little Theater.

The five panelists from other lands were Evelyn Svejas, Philippines; Charles Soendjasmono, Indonesia; Raja Jadmaz, India; Gabrille G. Orce, Argentina, and Jean-Pierre Kulling, Switzerland. Helena Frisell, exchange student, moderated.

A Surprised Artist!

Housewife Startled by Success

By LOUANNE HEATH

MANY PEOPLE WORK for a lifetime and can never truthfully say that they have derived any success or pleasure from a purely creative effort on their part. Some are gifted with creativity, some achieve it through hard work — but to many it is in illusive ingredient of life totally denied them.

MRS. SHERRI THOMAS, of 790 Palmetto avenue, is one of the fortunate ones. Just how fortunate she is only now beginning to realize.

Five years ago, Mrs. Thomas was operating the Mar-Cliff Photography studio in Pacifica when her health became poor.

When the strain of attempting to operate her studio became too great, she regretfully decided to retire and spend her days performing the usual housewife chores.

Being a housewife is a full and satisfying life for many but Mrs. Thomas found that rearranging furniture was not enough of a challenge to make her new occupation interesting so she began experimenting with the rearrangement of the entire house.

New windows were added, picture windows replaced small windows, walls came out and new walls were added. Mrs. Thomas completely changed the face of the Thomas home but still she wasn't satisfying an urge to create beauty.

THEN, a little less than a year ago Mrs. Thomas decided to purchase a few canvases and some oils and see if she could transfer some of the beauty she saw and felt onto canvas.

What she put on the canvases dumfounded her friends and members of the Pacifcia Artists guild, a group she had joined. Offers to purchase her work were made but at first she said she couldn't accept the idea that what she was doing was that good.

The past two weeks, however, she has sold some of her work, three paintings, and according to Mrs. Thomas, the delight she has derived from the knowledge that other people enjoy here work is as great as her amazement that she has been paid over $400 for the three pictures.

One of the oils will hang in the office of a Bank of America vice president, the second will hang in the board conference room of the Montgomery street offices of the same bank and the third was purchased for a private home in San Francisco.

WHEN MRS. Thomas speaks of her growing success there is a gay lilt to her voice and a touch of disbelief in her tone.

"I've been to three art teachers in San Francisco," she said, "and none of them will accept me as a student. They all look at my work and say that formal lessons would inhibit me and perhaps destroy my style. I just paint what I feel within me and as long as I don't have formal training I'm not boxed in any conventional rules!"

At the present time, Mrs. Thomas is working frantically to complete a collection of approximately forty paintings she must have ready for her one man show in the Lyle Room of the Fairmont hotel in San Francisco starting June 24.

The work on display at that time will be for sale and local artists are assuring her that the show will be a great success artistically and financially.

Road Issue Open Forum Is Planned

William E. Chapman, city engineer for Daly City and member of the San Mateo county greater highways committee, will hold "Open Froum" sessions in his offices at City Hall from 9 a.m. until noon Monday for groups and individuals seeking detailed information on the proposed $35 million city-county highway bond issue.

The measure goes before the voters at a special election June 4.

"These forums are a part of the continuing program of public information carried out during the past months by the speakers bureau of the citizens for city-county highway bonds," Chapman said.

"This program is too complex —and too important—to be left unexplained," he said. "There are too many people who react negatively at the first mention of a bond issue without taking the time to discover the basic soundness of the engineering and financial programs included in the plan."

Chapman urged all citizens who had any questions or "simply want to know what the whole thing is about" to meet with him in the city engineer's office Monday.

Groups may still obtain a speaker by contacting either Chapman or by calling the citizens committee offices, DI 2-9114.

Local Artist Has Display At Library

Eleven sketches in ink by Walter Bachmann, local artist, are on display in the Daly City Public library, Westlake branch.

According to the city librarian, Samuel Chandler, Bachmann's work can be seen during the month of May—weekdays from 10 a.m. to 6 p.m. and 7 to 9 p.m. Saturdays, 10 a.m. to 5 p.m.

The show consists of 11 drawings. Among them are sketches of Mission Dolores, Telegraph Hill, Golden Gate Bridge, "The Ram" in Sun Valley, Idaho, Lobitos creek in San Mateo county and the Japanese Tea Garden. "Already," said Chandler, "the sketches have attracted the attention of library patrons."

The artist Walter Bachmann was born in Santiago, Chile. He studied art with notable teachers in South America. After coming to the United States, he went to live in Sun Valley, Idaho, where he painted some of the largest mountains in the world.

He came to California in 1959. Presently he lives at 1635 Sweetwood drive in Broadmoor.

A LOT OF MONEY changed hands yesterday when Carl Gellert (left) president of Suburban Realty company, handed Harry Christen (center) a $3.25 million check representing the first installment on the purchase of the famous 800-acre Christen Dairy ranch, one of the largest undeveloped land parcels in the county. William F. Morton, of the Crocker Land company and an officer of Suburban Realty looks on. The land, just south of Daly City and bound by Junipero Serra boulevard on the east and Skyline boulevard on the west, will be used for dvelopment of a residential community.

Christen Ranch Sale Is Recorded at $7,750,000

One of the largest land transactions in the history of San Mateo county was recorded last week with County Recorder Ruth Kirste.

It was the sale of the 800-acre Christen ranch south of Daly City to the Suburban Realty company of San Francisco.

Internal revenue stamps on the deeds indicated a sale price of nearly $7,750,000. The figure was confirmed by an official of the Western Title Insurance company, which handled the transaction.

A planned community development costing in excess of $150,000,000 is planned for the property.

Coast Artist at Work

LAST TOUCHES — O. R. Strong, chairman of the Pacifica Artist Guild, puts the finishing touches on a landscape scene at Pacifica's first annual arts festival over the weekend. Pacifica's First Annual Art Festival Has Large Turnout

An estimated 2000 people, attracted to warm sunny weather on the Coastside this weekend, flocked to the city's first Arts Festival.

Otis Strong, chairman of the Pacifica Art Guild sponsoring the event, said the group was highly pleased with the response to the turnout of artistic talent.

Nearly 100 artists displayed their work at the city's major shopping centers. Vallemar had a special exhibit of sculpture and the city's fuchsia society sponsored a flower arrangement display at Alexander's Furniture store in Eureka Square Shopping center.

In a special children's art show sponsored by the American Association of University Women in co-operation with Laguna Salada elementary district, 15 merit awards were made.

Judges in the youthful art competition were three youngsters from Laguna Salada's opportunity class art appreciation course held last fall in co-operation with the San Francisco Museum of Art.

The judges were: James Clarkson, from the sixth grade at Pacific Manor school, Leslie Haney, eighth grader from Vallemar school, and Pamela Monin, eighth grader from Linda Mar school.

Saturday evening Oddstad park recreation center, finished by volunteer labor in time for the event, was the scene of a special presentation by Pacifica Players and the Community Chorus.

Under the direction of Denis DeCouteau, the chorus sang several Negro spirituals, Brahms folk songs and a selection of sacred songs.

The Players presented three humorous offerings, a scene from a play, reading and a monologue. Actors and actresses were: Nancy Catton, Jean Young, Kate Dailey, Jacqueline Massing, Scott Amour, Don Brewer and Neil Tremaine.

Sunday afternoon a muscal vespers service was held at the Linda Mar Baptist church. Participating were: Edward Houge, director; Margaret Thomas, organist; Audrey Aitken, pianist; soloists, Cecil Cooper, Mimi Hagerty and Per Hillerstrom; duet, Roberta Ewald, Lucile Nevins.

Pacifica Friends of the Library sponsored a highly successful book fair, selling used books from a bookmobile to benefit local library book funds.

VFW Honors Publisher

Prior to the annual installation of officers of San Mateo county council, Veterans of Foreign Wars of the United States, held at the Veterans Memorial building, Redwood City, Saturday, J. Hart Clinton, publisher of The San Mateo Times and The Post, was awarded the Veterans of Foreign Wars Citizenship medal.

The medal was accompanied by a citation from the Department of California, V.F.W.

The Veterans of Foreign Wars Citizenship medal and department citation are awarded annually by the council to the citizen, who in the opinion of the council, has contributed the most toward the promotion of Americanism, patriotism and related subjects.

The medal is the highest award the Veterans of Foreign Wars is privileged to give.

T. Louis Chess, chairman of the San Mateo County Board of Supervisors and member of Post No. 2517, V.F.W., San Bruno, made the presentation.

In presenting the award, Chess cited the many social contributions made by Clinton, notably the promotion of flag display, making available copies of famous American documents and, most recently, a pamphlet explaining the proper way to display the flag at all occasions, through the medium of The Times Publishing company.

Attending the presentation was State Senator Richard Dolwig, who presented his personal tribute and congratulations to Clinton.

Following the presentation, Albert Collins, Post No. 4103, South San Francisco and Rose Davenport, auxiliary to Post No. 7427, San Mateo, were installed as the commander and president of the council and auxiliary, respectively, for the ensuing year.

Annex Legal Moves Go on

Thomas L. Bocci, attorney for the Bayshore City sanitary district, is still attempting to upset Brisbane's annexation of land as far north as the San Francisco county line by seeking a quo warrento proceeding from the state attorney general to force the annexation to return to superior court. City Attorney Conrad Reisch reported to Brisbane city councilmen last week.

Reisch said Bocci's latest legal maneuver is based on the fact that Brisbane had the state land commission assess Bay lands to be annexed when it should have the county assessor's office make assessments.

Bocci claims the difference in assessments would have made a change in the majority protest act under which the large area was annexed into Brisbane city limits.

The secretary of state has already certified the annexation as legal, however, it was noted.

Reisch said he is now preparing an answer to Bocci's latest claim.

Spanish Dancer At Smorgasbord

The Daly City-Colma Democratic club announced that special entertainment will be provided at the Annual Smorgasbord May 26 by Mrs. Julia Lundwall, extic Spanish dancer.

Also present at the afternoon function, which will be open to the public, will be Ralph Flores, the San Bruno pilot who sursurvived 49 days in the wilderness of British Columbia after his plane crashed.

Tickets to the Smorgasbord may be obtained by calling Vincent Cauchi at PL 5-0309 and Ed Soloman, at PL 6-9511, after, 6. p.m.

The club will hold its regular meeting tonight at the Garden Village school at 8 p.m.

Democrats Set Party

The Daly City-Colma Democratic club will hold its annual smorgasbord party at the Broadmoor Community center, 714 White street, Sunday, May 26, it has been announced.

Tickets are available by calling Vincent Cauchi at PL 5-0309 or Ed Soloman at PL 6-9511 after 6 p.m.

Gail Montgomery, director of the Planned Parenthood association, spoke last Wednesday at the Garden Village school on "The Population Explosion."

Skyline Plans Birthday Party

The Skyline Plaza Shopping center will celebrate a birthday Friday, its second.

And everyone, merchants say, is invited to a birthday party planned in the arcade of the center.

At 1 p.m., birthday cake and coffee will be served. The party will be sponsored by the Skyline Merchants association.

County Officials Concerned About Bay Moratorium

San Mateo county supervisors have appealed to government officials throughout the Bay Area to join them in fighting legislation that would place a four-year moratorium on the filling of bay lowlands.

The board authorized County Manager E. R. Stallings to express the county's alarm to officials of all bay front cities and all counties on the bay.

Stallings said he would get in touch with the county's legislators in Sacramento and ask that the measure, Assembly Bill 2622, be killed as soon as possible, preferably at its first committee hearing.

The manager said the bill would stop all land reclamation except for the construction of harbors and for federal projects, pending development of a master plan for bay front development.

Stallings declared the act would have a "disastrous" effect on San Mateo county.

It would, he said, close down five public dumps and one private dump on the bay front, as well as stop San Francisco's plans for a big dump at Sierra Point.

It would stop such private developments as Foster City on Brewer Island and the Keyston reclamation project in Burlingame, Stallings told the board.

Elderly Man Hurt in Fall

A 79-year-old Daly City resident suffered a back injury when he fell in his home Thursday. Francis W. Pheasant of 3298 San Jose avenue was given emergency treatment at Kaiser Foundation hospital in South San Francisco and transferred to San Mateo county General.

Daly City Pedestrian Hit by Car

A Daly City woman suffered a bruised right foot Thursday night when she was struck by an auto at Junipero Serra boulevard and Ninetieth street.

Mrs. Aurea R. Blasi, 32, of 499 Bellevue avenue, was treated at Kaiser Foundation hospital in South San Francisco and released.

Police identified the driver of the car as John W. Cose, 65, of 909 Villa avenue, Belmont.

By LE PACINI

WHEN GINO CIMOLI, Kansas City outfielder, was playing third base for Gailileo High school in his native San Francisco in 1948, he hit something like .667 in his senior year, which was, at the time, a San Francisco prep hitting record.

Later on, another third baseman, Frank Strazullo of Poly, (Strazullo is now a Westlake resident) hit, if I remember correctly, around .600 as well. But he failed, I believe, to crack Cimoli's record. As far as I remember, Gino's record still stands.

The point is, however, that hitting around.600 is quite a feat in any league, yet there were Cimoli hitting detractors around town at the time who didn't believe in his swatting ability simply because he normally didn't pull the ball—that is, hit to the field where he was looking.

Cimoli was strictly a cut 'n slash man. He slapped hits all over the diamond—through, under, over and between infielders and outfielders.

Here was a kid with a fine, strong body who possessed a shot-gun arm, good hands, deer-like speed, and who could scatter hits all over a diamond.

★ ★ ★

YET, IN TRUTH, there were many more colleges pursuing Gino because of his basketball ability (he is still thought of as one of the city's all-time prep court greats) than there were major league clubs because of his baseball ability. Even Gino, apparently, wasn't too sure of this ability since he hadn't even gone out for baseball at Galileo until his senior year.

After much consternation, he finally decided that he could eventually make more out of baseball than basketball by casting his lot with the then Brooklyn Dodgers for a nominal bonus (if he got one at all). Thus he started a baseball career amid cries that he had made a great mistake in scorning basketball and a college education.

Cimoli worked his way up through the minors, cracking his head against a stone Dodger outfield that included Duke Snider and Carl Furillo.

He finally made the big team in '56, became a regular the next year, hitting .293, and has been in the majors ever since — maintaining a lifetime batting average of about .275.

This all leads, in a round about way, to a point which I have always strived to make — often to no avail.

★ ★ ★

TOO MANY baseball scouts, unfortunately for offfield hitters, often don't think the same way as I. They'll see a right-hander smack a vicious liner into dead left field and drool. They'll watch a left-hander bop one into left field and turn up their noses. All hits look the same in the box score, but if it were up to some scouts, the box scores would indicate in which direction the hits traveled.

It would be an insult to the intelligence of the reader to go on to name all of the good—even great—hitters who "went" with the pitch and-or were offfield hitters.

And any good baseball man will tell you that there have probably been some really good hitters ruined—or who have at least had their development impaired—because managers or club owners insisted they "pull" unnaturally.

And pulling the ball is unnatural. The most natural direction in which to hit with full potential is centerfield. That's why, since its inception, baseball has built the center field wall furthest from the plate. If the left or right field areas were the natural power slots, they would be built further away.

Oh, sure, there are certain parks whose topography may make it beneficial to learn the unnatural swing but only the exceptional technician — such as Mel Ott, who took every possible advantage if that short Polo Grounds right field porch—could prostitute his natural swing and become great.

None of the other great hitters that I can think of have ever changed their natural hitting styles to take advantage of various ball parks.

A strictly "pull" homerun hitter is generally just that—a homerun hitter and not a genuine power hitter. He is a batter with a certain highly developed skill, to be sure, but one which is no more difficult or rare than that of an excellent hit-and-run man. Having exceptional power helps one to be a homerun hitter but is not a definite prerequisite.

★ ★ ★

A COUPLE OF years ago Wally Moon developed the technique of hitting 280-foot pop flies over the Coliseum left field wall for the Dodgers. Moon could never be classified as a power hitter, but he was certainly, until the pitchers got on to him, an early season homerun hitter in 1961.

I'm not saying that power hitters aren't needed in baseball—only that baseball would be a lot better off if it allowed good hitters to hit naturally. A true power hitter doesn't need the pulling technique to reach shorter fences.

How many "cheap" homeruns do power men like Mantle, McCovey, Stuart, et al, ever hit? When they hit a homerun ball, it goes out of any part of any park in any direction.

Ironically, a quarter of a century ago, when homeruns weren't as prevalent as they are now but when batting averages were much higher, more runs were scored than are nowadays.

Leave the singles and doubles to the hitters, and the homeruns to the genuine power men and guys like Gino Cimoli would score more often.

Rams, Warriors Pull Away in NPL

Jeff Takes Pair From Terra Nova

By MILT STAUB

Northern Peninsula league titans South San Francisco and Westmoor spaced daylight between themselves and the stragglers last week by winning identical 3 to 1 contests.

World Series fans who marked time so interminably for that oft-postponed seventh game last October had nothing on the Warrior and Ram followers who have waited since April 26 for their teams to play each other.

They are still waiting as steady rains forced further delay of the crucial match that had been rescheduled for last Wednesday. The game is now scheduled for May 29.

Victimized, perhaps, by the postponement were the El Camino and Ocean squads, who had the ill fortune to face a pair of at-peak teams that coaches Bob Brian and Rod Losberger kept from letting down.

At South City bantam Chuck Oliviera maintained his sharp edge as he permitted the Colts only three scratch safeties. Mark Avelar matched him for five innings and saw his team take the lead in the top of the sixth.

Warriors Move

The Warriors made their move in the bottom of the sixth. With Larry Sylvestri on second and two out, Neil McNevin was intentionally passed.

Gary Iacini foiled this strategic maneuver by doubling Sylvestri home. McNevin followed with a steal of home and this feat was astonishingly duplicated by Iacini.

The loss jolted El Camino into a third-place tie with fast-rising Jefferson who captured a pair from Terra Nova and have won three of their last four games. The Tigers, coming on lean times, have dropped four in a row.

Westmoor was forced to come up with a gem of a performance against Oceana. The Sharks staged by far their best defensive game of the year but their heavy bats were muffled by Bruce Hix's first complete pitching tour.

Hix, not one to confine his heroics to the mound, scorched a steaming single to give his team a go-ahead run in the second.

Terra Nova ran into an Indian nine that was playing their best baseball of the season. After seven innings of play Friday the teams were tied at 3 to 3.

Jeff filled the bases with three successive singles and scored the winning run as Bob Easley lofted a long sacrifice fly. Mike Morton picked up three hits during the afternoon.

Thursday, a make-up game, found Jerry Sullivan spacing seven hits so widely as to permit the Tigers but one run. Jeff picked up seven as Bob Easley and Jerry Rolling each delivered two clutch hits. The Indians had larceny in their fee, stealing six bases.

Big game today finds Jefferson, seemingly hitting their stride, settling a matter of cross-city rivalry at Westmoor. Terra Nova comes to El Camino and South City may meet the Tigers en route as they journey to Oceana.

HOBO—NO BUM

NEW YORK — Ex-champion Jack Dempsey always admitted he was a "hobo" in his wild, young days — an itinerant workman riding "the rods or the blinds" from job to job—but never a "bum" who took a handout.

PICKOFF ATTEMPT — Jefferson Indian Larry Keeling dives back to first just in time as Terra Nova first baseman Marty Coil takes part in a pickoff attempt in a game last week. Jefferson took two from the Tigers to move up to a tie for third with El Camino. (Post-Times Photo)

Pacifica Golf Tournament Is Scheduled

Daly City Policeman Art Linhares is defending champion in what is expected to be a record-breaking field in the annual Pacifica Open Golf tournament May 23 at the Sharp Park golf course.

Many of the area's top-flight golfers will compete in the tourney. Deadline for entries is Monday, tournament chairman George Schmitz announced.

Linhares fired a one-under-par 71 last year on the oceanside course to take the title.

The tourney is sponsored by the Pacifica Tavern and Retail Liquor association and annually attracts a big field from San Mateo county and San Francisco.

Entry blanks are available at the Sharp Park clubhouse or at any Pacifica tavern. Proceeds from the tourney will go for youth welfare.

CSM Leads Statistics

College of San Mateo has overwhelmingly dominated athletics in the Golden Gate conference during the new league's first year.

"Iron Man" statistics, including all sports except the not yet completed baseball standings, show the Bulldogs have amassed 60½ points to 48½ for runner-up Foothill.

The "Iron Man" system, prevalent among other major JC conferences in the state but not et officially adopted by the new GGC and Valley loops, awards points to member teams on a 10-8-6-4-2-1 system for placing first through sixth, respectively, in each sport.

C.S.M. has cinched the "Iron Man" title for the current year even though baseball season has not yet ended. The most Foothill could gain on the Mateans in final standings would be six points.

The Los Angeles Classic, a basketball tournament set for December 26-28, includes Illinois, Michigan, NYU, Pitt, West Virginia, Yale, Southern California and UCLA.

DALY CITY RECREATION

Dodgers, Lions Cardinals Top Loop Standings

Action in the Daly City Recreation department baseball leagues was torrid last week.

The Intermediate league found the PAL Dodgers on top with an undefeated record but with a tie at the hands of the OLM Aces. The American and National divisions of the Midget leagues saw the Holy Angels, Lions and the PAL Cardinals take their loop leads.

INTERMEDIATE LEAGUE

Opening games in the Intermediate league indicate it will be a real donneybrook right down to the wire.

The PAL Dodgers are the only undefeated team but their record is marred by a tie with the OLM Aces. The game went an errorless eight innings and ended in a 1-1 tie.

The OLM Aces rambled over the Ben Franklin Press team 6-3. Lou Gernhardt was the winning pitcher for the Aces and Roland Franz was the big stick with two triples.

Holy Angels Shamrocks copped a couple this week. They took the Bender Roofers 10-7, largely due to Don Belluomini, and Larry Mannini who led the team hittings. Mannini hit 3 for 3 while Belluomini rapped out 4 for 4. The Shamrocks cut off a Roofer rally to take the game.

Phil Du Pont, Dick Tamter and Mike Green made the difference in the Shamrock game against the Ben Franklin Press. The Shamrocks turned 10 hits into 14 runs. Don Belluomini and Larry Mannini handled the mound chores in the 14-10 win.

Relish Bakery also took a game from Bender Roofers in a come from behind effort. Mike Sandoval drove in Gary Soules and Bruch Bushner in the bottom of the seventh with a single up the middle.

NATIONAL DIVISION

Steve Kirby and Ron Papes put down the Bender Roofing Cats to keep the PAL Cardinals in the top spot.

Bud Kubowitz, Gordy Contreras and Steve Kirby contributed two hits each. Contreras and Papes accounted for the crucial RBIs in the 4-2 win.

The PAL Yankees showed considerable strength in their opening games and nailed the PAL Indians 6-2.

The luckless Indians fell victims to the OLM Leopards also. Steve Roche, Leopard moundsman, gave up only 2 hits to the Indians.

AMERICAN DIVISION

Leading the American Division of the Midget league this week is the Holy Angels Lions. The Lions look like a real dark horse this year.

The Lions defeated Misracks 12-4 and then on the arm of Tom Scott edged out the OLM Dons 4-3. The Dons rallied but a tremendous play by Lion shortstop Albert Lucci cut them off. Eddy Nessel and Jack Mimgram carried the big bats for the Lions with 2 hits each.

Moving up fast and recovering from their 12-1 loss to the OLM Dons in the opener is Harrison Realty. Coach Randy Hix, returning to the local baseball scene after a period of inactivity, has found the old groove. His club downed the PAL Giants 4-1.

CSM Spikes Capture West Coast Relays

By FRED BAER

For the first time in 27 years a Bay Area team reigns as junior college champion of the West Coast Relays.

In the thirty-seventh running of the annual Fresno meet, Saturday, the local Bulldogs repeated a 1936 victory under "Tex" Byrd.

San Mateo scored with all three relay teams it entered for 24 points. Ron Benson ran on each of the three. Freshman Al Rockwell added an additional digit with his fifth place in the 120 high hurdles against the state's best after taking a slightly wind-aided (5.8 mph) heat in 14.7.

All of California's top C teams were present in the 45 squad field as state JC meet favorite Long Beach had to settle for a second place tie with defending meet champ College of Sequoias at 21 points.

Santa Ana took fourth with 20 markers scored on two relay victories over San Mateo, and Foothill's national record breaking weight duo of Les Mills and Don Castle placed one-two in both the discus and shot put to give the Owls 18 points and fifth place. Contra Costa was the third Golden Gate conference team among the first six finishers, with 13 points.

Finals are slated for the same locations Saturday. The state meet will be held the following Saturday at Modesto, in conjunction with the annual California Relays.

Benson and his Bulldog mile relayer teammates lead San Mateo hopes for state meet winners. The quartet of Steve Firenze (49.8), Barry Sheldon, (50.0), George Sith (49.3), and Benson (47.4) cinched the WCR title Saturday with their 3:16.5 victory in the JC finale.

Benson had to come from behind for the victory, however, as the 1963 national JC leaders were lodged deeply in third place when the soph anchor man got the baton. He came on strong in the stretch however to whip by Kerry Wright of Cerritos and Sequoias' Norman Coleman.

Benson was too far back to catch Santa Ana in the two mile relay, forty minutes earlier, however.

The Dons clipped a JC best of the year 7:40.2 with Bob Delaney running a 1:51.3 anchor leg. San Mateo's contingent of Smith (1:58.7), Frank Procella (1:58.2), Dave Kamrar (1:56.0), and Benson (1:52.8) clocked the second best '63 JC time, 7:45.7, (sixth best of all time) for the runner-up spot.

Terra Nova Wins NPL Track Title

Terra Nova, in past years the doormat of Peninsula league teams, is the new track and field champion of the North Peninsula league in a dramatic finish which would have made Alfred Hitchcock do flips in his stuffed chair.

The Tigers cinched the first annual NPL championships Friday by registering a narrow 65-61 win over Westmoor and South San Francisco.

And, as is fitting for a championship finale, the meet went down to the final event.

With Westmoor and South San Francisco holding a slight lead, coach Dennis Lanterman's Tigers went into the last even of the day—the 880 relay.

The Tiger relay team of Jim Orth, Phil Wedyemuller, Bill Staley and Fred Mason traversed the distance over the slow track in a commendable 1:32.7. Ironically, Westmoor was disqualified in the event when they went out of their lane. A second place finish would have given the Rams the title.

The meet, which was hampered by the damp track and stiff winds turned up three double winners. South San Francisco's Roy Roberts captured both hurdle events.

Jefferson's Rich Waller kept the Indians in the running for the most part of the afternoon with wins in the shot put and discus.

Westmoor's NPL sprint champ Roy Pinelli grabbed wins in the 100 and 220 yard dashes.

The Class B meet was no contest as coach Bob Lualhati's Indians won eight out of 13 events and piled up a total of 105 points. Nearest contender was Terra Nova with 46 points.

The Indians also took the Class C meet, tallying 66 points.

The top three winners of each event will compete in the North Coast Sectionals at King City next Saturday.

Sugar 'n' Spice

By Nell Norton

THERE WAS a time when the phrase "chicken on Sunday" was founded on fact; for chicken was a treat reserved for Sunday dinner. But modern day packaging and marketing methods make it readily available to us any day in the week and it's become standard fare. The fact that it is one of the less expensive entrees available to us doesn't exactly hurt our feelings either.

This recipe for Chicken Supreme comes from Mrs. Fran Cohen, 1501 Thirty-fourth avenue, San Francisco. It will serve from eight to twelve persons and is fancy enough to be served as a company dish.

CHICKEN SUPREME

2 frying chickens (about 5 lbs.)
3 cups water
1 medium-sized onion, sliced
1 carrot, peeled and cut up
Handful of celery tops
1 tablespoon salt
1 bay leaf

Simmer chicken in water with onion, carrot, celery tops, salt and bay leaf in large covered kettle for 1 to 1½ hours or until chicken is tender. Cool chicken in stock, remove and wrap in foil and refrigerate (if done a day ahead). Strain stock into a bowl; chill and skim of fat, saving fat.

6 cups of cooked rice (this is about 2 cups raw rice.
6 tablespoons chicken fat
6 tablespoons flour
1 cup half and half
1 6-oz. can sliced mushrooms
1 4-oz. jar, diced pimientos
1½ cups slivered almonds, toasted
1 cup buttered, soft bread crumbs

Pour one cup of stock over cooked rice in a large bowl and let stand while making sauce. Remove chicken meat from bones and cut into bit-size pieces. Melt chicken fat you have saved in a medium-size saucepan, adding butter or margarine, if needed, to make six tablespoons. Blend in flour, remove from heat and stir in 2 cups of stock. Return to low heat and cook, stirring constantly until sauce thickens and boils one minute.

Remove from heat and gradually stir in cream, mus rooms and liquid, pimientos, amonds and the chicken. Season to taste with salt and pepper. Make alternate layers of chicken mixture and rice in buttered twelve cup casserole. Sprinkle buttered crumbs around edge. Bake in moderate oven (350 degrees) about 50 minutes or until sauce bubbles around edges and the crumbs are golden brown.

To toast almonds: Melt 1½ tablespoons butter or margarine in medium size frying pan, add almonds, stir over low heat until lightly browned.

I KNOW that you are all going to think that I own stock in a gelatin firm as the columns for the past few weeks have all had a mold of some kind in them. But honestly I don't! It's just that these molds came to my attention and I wanted to share them with you now, lest I file them away and forget them.

This molded cranberry salad was served with the chicken supreme and it was a perfect complement to it.

MOLDED CRANBERRY SALAD

1 package raspberry jello
2 cups water
2 cups fresh cranberries
1 orange
1 cup sugar
1 small can crushed pineapple, drained
chopped walnuts (if your little hearts desire)

Dissolve raspberry jello in 1 cup boiling water, add another cup of cold water and set aside to cool. Put raw cranberries and orange (which has been quartered and seeds removed) through food chopper. Add sugar, pineapple and nuts and mix well. When jello begins to set, fold in cranberry-orange mixture, pour into large mold or individual smaller molds and chill until set.

And where are you going to find fresh cranberries in the month of May? Now that's a good question and I wish I had a good answer for it. But all I can say is this: it's a delicious salad and well worth your filing it away for now. When the cranberries come pouring onto the market again, you will have this interesting and tasty use for them.

THIS LAST recipe is so easy that you'll be amazed at the delightful results. Plus you can keep it's makings on your shelf at all times and be able to whip it up when the gals drop in for a cup of coffee.

'Chalk Circle' Offered at SFS

"The Caucasian Chalk Circle," by Bertolt Brecht, will be presented in a new setting by San Francisco State college at 8:30 p.m. today through Saturday in the Main theatre on the campus.

Brecht, most famous in this country for his "Three Penny Opera" with music by Kurt Weill, has become, after nearly 40 years of playwriting in Europe and America, one of the most important dramatists of the twentieth century.

As a poet, no one is more conscious of the potential scope of the theatre and all of his writings reflect the pathos, humor, suffering and exhaltation of mankind.

Jack Cook, "Chalk Circle" director, has said that Brecht "is a disagreeable and unpleasant man" who, in spite of his social gaucherie "... has a great talent for building powerful theatrical expression."

"METAMORPHOSIS," the wonderful film which received its first public screening during the Pacifica Art Festival, was the end product of an ambitious project involving the fifth and sixth grades at Pacifica's Westview Elementary school.

Linda Susa, Leona Payne, David Benton and **Gary Fuller** were the four chrysalis. **Gretchen Greene, Susan Heumphreus, Vickie Rainsford** and **Deborah Crippes** were the four lovely butterflies. The very capable villian of the film was **Joey Gonzales,** who played the part of the spider.

If you missed the film last weekend, try to make an effort to see it the next time it is shown for it is something that adults and children alike appreciated.

LOCALITE TOM CLARK, composer and music instructor for the Westlake Music Center, is still reeling from last weeks series of events.

Sunday afternoon, at a private musicale in Redwood City, one of Clark's compositions, a beautiful sonata, was to be performed for the first time. The guests arrived but no sign of the composer.

Finally, a phone call from Clark explained that his car had been stolen and he was marrooned in San Francisco. A car was dispatched to pick up the guest of honor and chauffeur him to the musicale. Which, incidentally was very impressive.

Later in the week, with his car still missing, Clark boarded a Muni bus in San Francisco and was victimized by a pick pocket who succeeded in escaping with his wallet.

REVIEW

Curiosity Is Answer, Bickel Says

By SHERRY ROSEN

"Im curious about other people" was the way folk singer Theodore Bikel explained his love of songs from other lands. "I want to know how they walk, how they talk, and how they sing."

Bikel has learned how they sing and his recent concert at Masonic auditorium in San Francisco was composed entirely of folk songs from all over the world.

The versatile linguist simply sat on a folding chair at the front of the stage, flanked by his two guitars and a bass-fiddle accompanist, strumming and singing away in English, French, Spanish, Cockney, Yiddish, Russian, Hebrew, and even Zulu.

Audience Claps

His audience clapped in time to the rhythms, hummed, or sang along, swayed by nostalgic memories of their homelands. Seemingly overcome with emotion, they were reluctant to let him go, calling out for "more Russian gypsy songs, please" or "How about us Scotsmen?"

Bikel, quietly autographing programs backstage, answered some questions about the growth of folk singing.

Tersely and in a matter-of-fact manner, he explained the return of folk music.

"People were listening to the Kingston Trio and Belafonte, when all of a sudden they realized it was really folk music they were enjoying. They can't understand the words to rock 'n roll songs. "If they can, they belong in juvenile court."

Predicting no immediate end end for the current popularity of folk tunes, Bikel noted:

"A fad that lasts longer than six months becomes a trend. Though the fringe fans may drop off, the real followers will continue to listen to and sing folk songs."

Reference

Questioned about his preference in folk songs, the artist replied: "That's like asking the father of five children which one he likes best—in front of the kids."

Born in Vienna, Bikel was raised in Israel. Coming upon a battered guitar, he taught himself to play it.

In London in 1946, he found the guitar a handy instrument for making new friends and began to concentrate on folk music in earnest.

Now an accomplished actor on stage, screen, and television as well as a writer and recording artist, the 38-year-old singer devotes two-and-one-half months each year to concert tours.

Asked how he collects his songs, Bikel said:

"You have to go after them or they'll go after you."

He gets his material through other singers, contending that one can't learn a song from a page. Even his Zulu song came from an African singer-friend.

Comparison

Comparing folk singing with jazz, Bikel explained how the two styles serve different needs, although many listeners are fans of both.

"Few are able to do jazz," he said. " 'I've Got the Right to Sing the Blues' only if I have the talent. But even the tone-deaf can enjoy folk singing."

Having discussed at some length his ideas and opinions on the art of folk music, Bikel suddenly resumed his direct, down-to-earth manner—wearily pushing an obsinate shock of dark hair from his face. His parting words expressed his usual simplicity: "Go With God."

Photo File Established

"What can we do for you?"

This was asked of teachers and the principal of Vista Grande school a year ago last spring by the school's P-TA.

A request for a permenant picture file to be used by all teachers was the answer. These would be used as visual aids.

Mrs. Charles Mihovich volunteered to be the chairman for this unusual project. A request for magazines and pictures from the parents brought a heavy response.

1800 Too Many for One Car

Eighteen hundred members in one family and only one car seems to be posing a problem for Westmoor High school as only eight out of 60 junior competitors for behind the wheel driver's training could be accepted after a recent California Vehicle Code test.

Following a six-week course on the Vehicle Code consisting of 12 one-half hour lessons required for graduation, the 60 took the Vehicle Code examination. Out of these only the eight top students could be accepted for behind the wheel training, not required for graduation.

Being a one car family seems to be limiting the number of students who can be accepted and, according to teacher George Grosser, who along with Howard Loeffler teaches the after school course, it is too close to the end of the year to hope to sneak in another group for 12 lessons.

Grosser also stated that the use of another car would mean that both he and Loeffler could teach at the same time instead of having to take turns with the car.

By taking the behind the wheel course male students can save up to 30 per cent or between $50 and $100 on insurance.

AND CHURCH ACTIVITIES OF DALY CITY, COLMA AND PACIFICA

Church Organ to Honor The Memory of Educator

THE MEMORY of M. Pauline Brown, a long-time educator and civic leader in Daly City and Colma, will be honored by the Broadmoor Presbyterian church through the purchase of a new church organ.

The church has established the M. Pauline Brown Memorial Organ fund and hopes to be able to dedicate the instrument Easter Sunday next year.

Approximtely $10,000 is needed for the organ and an accompanying high-fidelity, stereophonic sound reproduction system.

Mrs. Brown was a member of the 87th street church until her death in 1959 at the age of 84.

According to the Reverend Herbert C. Tweedie, pastor of the Presbyterian church, she was "a well-loved teacher right up to the time of her death." She taught children who needed extra or remedial work after school hours.

"She was the teacher of several of the old-timers in the area, such as Thomas Callan Sr.," he said, "and the wife of a former state senator."

The M. Pauline Brown Elementary school on Eastmoor avenue bears her name.

M. PAULINE BROWN
To Be Remembered

MRS. BROWN lived in the Broadmoor area 82 years and throughout her life was a "booster" of the area, the Rev. Mr. Tweedie said. "It was Mrs. Brown who obtained the Broadmoor Community center on White street."

When the Broadmoor church was formed; she was one of the first members, he said. When she died she left the church $1000, which the board of trustees applied to her request that a new organ be purchased.

The new organ will replace an instrument that was purchased second-hand from St. John's Presbyterian church in Berkeley in 1954.

Constant repair, unavailability and obsolescence of vital parts, and general deterioration of the organ led to a decision to buy a new one.

The present organ replaced an even older one that was powered by a vacuum cleaner. Broadmoor Presbyterian made the Associated Press wire in 1949 when the vacuum cleaner was stolen from a temporary war-surplus building — the church's first structure.

A PROGRESS chart for the organ fund has been placed in the church narthex. It is a representation of an organ stop series. Each time pledges totaling $50 are received, one of 200 circles representing the stops, is removed.

The Rev. Mr. Tweedie has invited friends of Mrs. Brown to contribute to her memorial fund.

Shirley and Peter Pappas, proprietors of Jerry's Doughnut Shop in San Francisco and members of Broadmoor Presbyterian church, will provide doughnuts June 9 for a sale. All proceeds will be turned over to the fund.

Members of the fund committee are elders Rod Barnes and Del Severy, trustees Hank Suenderman and Boris Stephen, Women's association members Kay Mattson and Shirley Pappas, deacons Lillian McLeod and Charlotte Spruiell and choir members Ken Gillespie and Dorothy Spratt from the choirs.

Members of the youth groups to the committee are: Kathy Leech from the High Schoolers, Linda Floyd of the Junior High fellowship, and John Rued and Bea Hicks from the Sunday school.

Collins Orton represents the Village Churchmen and Dave Edwards the Mariners. Delegates at large from the congregation are Mrs. Kenneth Gillespie and Ray Lichtenberg.

Westside Sunday School Stresses 'Higher Goals'

The importance of Christian education, and specifically the Sunday church school, is continuing to be emphasized through a "higher goals" theme at the Westside Baptist church Sunday school.

This program is being sponsored by the Baptist General conference Sunday school board to deepen the Christian life of the student, re-interesting absentees in the Sunday church school program, and endeavoring through those who come, to reach out, and bring in those who are yet unenlisted and unenrolled in any Sunday church school, according to Alton Swedberg, Sunday school superintendent.

He said there are 10 classes, which include age groups from nursery to adults, that meet at 9:45 a.m. Sundays.

"Do You Believe in God?" is the topic chosen for the Sunday morning worship hour sermon at 11. Special music will be provided for this service.

The sermon topic for the evening gospel hour at 7 will be: "Why Call Ye Me, Lord?"

A number of the young people from the church, along with adult chaperones, will attend the regular bi-monthly Saturday night, "Youth for Christ" rally in San Francisco at 7:30 p.m. Saturday. Swedberg is the director of the newly formed Youth for Christ orchestra.

The Wednesday night Bible and prayer hour will meet at 7:45 p.m. today at the home of Mr. and Mrs. Ray King, 800 El Camino Real, South San Francisco. The Rev. A. David Donnelly will continue leading the study of evangelism, both as it pertains to Jesus and his dealing with individuals, and the disciples, and apostles.

This week, the study will be from the tenth chapter of Mark, the account of the giving of sight to blind Bartimaeus.

SHADES OF the old Wild West but if it didn't look like yesteryear down in a portion of the gold country over the weekend.

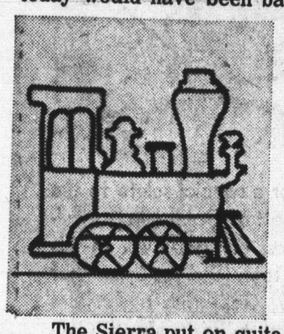
While countryfolk gaped and cattle bolted through the fields, the Sierra Railroad's old No. 28 steam locomotive chugged and puffed its way through 60 miles of some of the most scenic landscape the gold country has to offer.

The 1922 coal-burner was hitched up to three passenger cars, crammed with some 200 Bay Area railroad buffs both Saturday and Sunday for day-long excursions on the Sierra's main line between Oakdale and picturesque Tuolumne, 2650 feet up in the mountain country.

The excursions were sponsored by KPEN, that avante garde FM station that is just as apt to play a tape of a steam engine in action as a symphony by Brahms.

★ ★ ★

THERE'S ONE thing you can say about railroad buffs, they're such staunch supporters of steam locomotion that if they had their way, the diesel monsters of today would have been banished long ago.



Not that we blame them. For we're guilty of the same m a l a i s e and will r e a d i l y agree that the mournful hoot of a steam locomotive in the night is a sound that never should have been allowed to disappear from the American railroad scene.

Well, judging from all the racket in the gold country over the weekend, it hasn't quite disappeared.

The Sierra put on quite a show for the folks — both those aboard and those who elected to chase old 28 over the countryside in cars by following a complicated maze of main, secondary and dirt roads.

You got an inkling the show was going to be a dandy just from the tongue-in-cheek tickets each passenger bought for his passage. On them, the railroad sternly admonished that fireams could not be worn aboard the train.

Moreover, bonfires were strictly prohibited in the coaches, sleeping was banned in the aisles and above all, horses coud not be admitted to passenger cars.

The Sierra's rules also forbade the discharge of fireams in all instances except when the train was being attacked by Indians or bandits.

And that's not all. More rules warned passengers to remain aboard the train during unscheduled stops. "The Sierra Railroad," the tickets solemnly stated, "is not responsible for lost passengers."

★ ★ ★

WELL, ONCE you got through chuckling over the tickets, the fun really began. The first stop was at Warnerville, one of those specks on the map you miss by blinking. At Warnerville, old 28 chugged to a halt for some refreshment — water!

Steam, you must remember, comes from water and No. 28 was getting thirsty. So all 200 passengers spilled out of the coaches, armed with so much photographic and electronic recording equipment that it must have appeared to bystanders that a major scientific expedition was in progress.

While the cameras whined and the tape recorders whirled, the railroad men tanked up 28 from a water tower that seemed to be leaking more water than the locomotive was taking on.

Duly reinforced, the excursion resumed its climb into the foothills of the Sieras and after more chugs, puffs, toots and innumerable curves, arrived at Canyon Tank—a rolling chunk of country where eveybody spilled out of the coaches again.

This time the gimmick was a special performance for the benefit of photography and recording tape. Old 28 backed up, right out of sight, stopped, shrieked a baleful toot and charged forward. The result, was electrifying.

With the blackest of black smoke pouring from her funnel and a great geyser of white steam from one of her top valves, the locomotive roared up the track while hearts beat wildly and little shivers ran up 200 backs. Then everybody got back on and after a second stop at Jamestown for water, the chug into yesteryear arrived at Black Oak Trestle.

Now, as all you western movie-TV fans know, any old Wild West railroad worth its salt has got to have a trestle or two. You know, the type that bandits like to blow up.

Well, the Sierra is obviously worth its salt for Black Oak Trestle is the genuine product. The only thing missing was the dynamite—and the bandits!

Probably just as well for in their absence the train AGAIN dumped out its fares and backed up over the trestle for another performance for the photo-tape mob.

★ ★ ★

AT THIS POINT, it began to look as if old 28 would be forever puffing in reverse and we'd never get to Tuolomne. And that wasn't a very cheery prospect for we knew that a sumptuous fried chicken dinner was waiting there for those of us who had bought meal tickets.

But arrive we did—to the silent cheers of the Tuolumne Lions club, which had prepared the meal as a fund-raising project. It's probably one of the few times in history the success of a Lions' project has depended upon the durability of a steam locomotive.

One reason for dinner in Tuolumne was the absence of chow-down facilities aboard the train. The railroad said it regretted this and wryly explained on each ticket.

"The dining car has been discontinued due to a shortage of Buffalo meat. The Indians also are complaining, so please be patient until more Buffalo are located."

After Tuolumne, it was back to Oakdale—but only after stops at Jamestown for a look at the railroad's other yesteryear rolling stock and at Red Hills, where the track makes a sweeping curve past stately digger pines—a location made to order for the photographer and audio man alike.

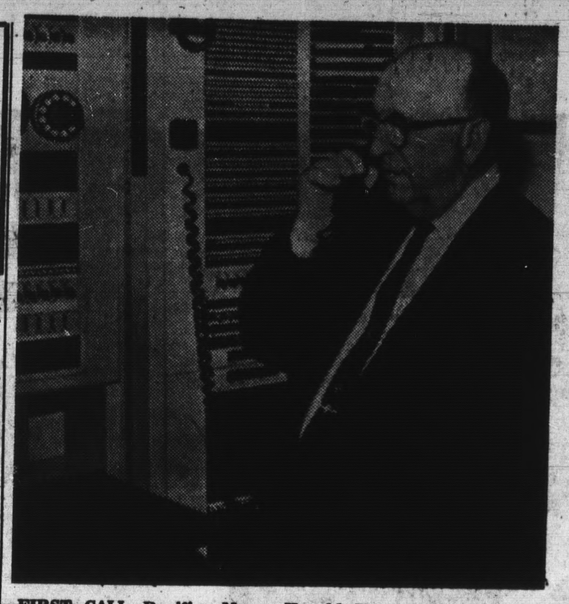
★ ★ ★ ★

OUTSIDE of the scenery, that great steam whistle and the special acts old 28 put on, there was one other aspect of this journey into nostalgia we feel duty-bound to comment upon.

It was the look every single cow from Oakdale to Tuolumne gave use as we rolled by.

If cows can be expressive, these all looked inordinately knowing. It was almost as if they were thinking: "Look at those darn fools. Don't they know all that steam business went out years ago?"

Yes, Bossie, it did. But not really.



FIRST CALL—Pacifica Mayor Harold Feyge places the first direct-dialing long distance call from Pacifica after a new central telephone office operation went into effect. The mayor and his wife talked to Mrs. Feyge's relatives in Washington State.

Coast's Direct Dialing Starts

Direct dialing telephone service has been inaugurated in Pacifica. Mayor Harold Feyge dialed the first long distance call.

The Mayor and Mrs. Feyge called her father and brothers R. D., David and Harry DeSell in Snohomish, Washington, from a new telephone headquarters building on Reina Del Mar immediately after the cutover in telephone service.

On hand for the occasion were several telephone company officials and contractors who installed the new equipment.

Now, 7103 Pacifica telephone subscribers can dial directly to any point in the United States by using area code numbers. Subscribers no longer need dial 112 for Daly City, South San Francisco or San Francisco points.

Pacific Telephone district manager Henry Kowal said the changeover in service was very smooth with no problems. He said the new service should be much more convenient for Pacificans.

The number of calls that can be handled between San Francisco and Pacifica has also been increased, he pointed out.

Total cost of the changeover was $2,070,000. The Reina del Mar headquarters, built for Pacific Telephone by Western Electric, contains the latest modern equipment. The building replaces two temporary headquarters on Carmel avenue and Peralta and two mobile units.

Bid Opening Is Scheduled

Bids will be opened in Sacramento today for a $287,000 project to construct an under-crossing for Gateway drive at the existing grade intersection with the four-lane Edgemar expressway near the southerly limits of Daly City.

Gateway drive serves the existing residential area west of the expressway. A new development of approximately 1500 homes is under construction on the easterly side.

Improvement of this inter-section is required due to the increasing number of vehicles with traffic hazards created by turning movements aggravated by the heavy fog condition along the coast, officials say.

The proposed undercrossing will be the initial step in the planned reconstruction of the adjacent interchange of the Edgemar expressway and Skyline boulevard.

The undercrossing construction is estimated to require about 170 working days, bringing completion in the early part of 1964.

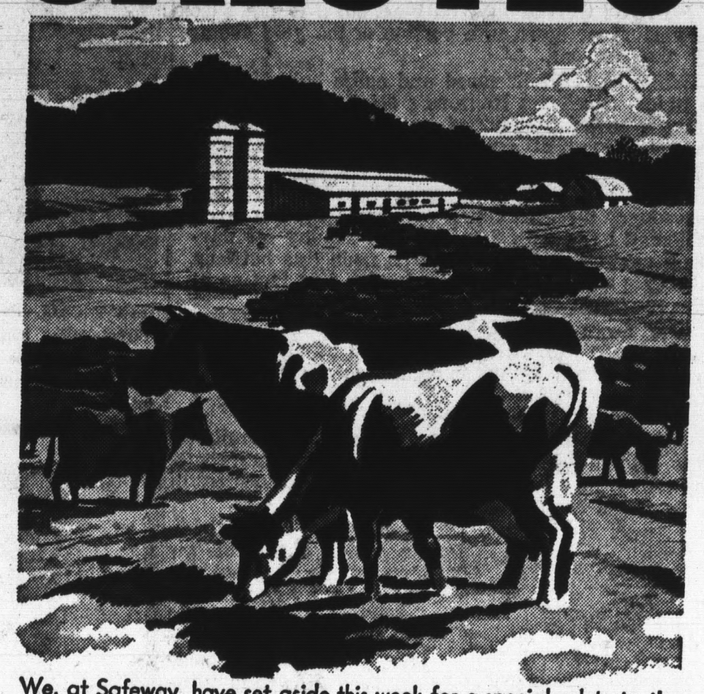
SAFEWAY SALUTES



Calif. is the Leader In Production of Fruits & Vegetables...Safeway's a Leader In Distribution!

We, at Safeway, have set aside this week for a special salute to the farmers, ranchers, and to everyone who is a part of California agriculture. It is highly appropriate for us to express our good will to this number one busines of our now number one state. (Did you know that Agriculture is California's biggest industry?) California agriculture produces the kind of merchandise that it is our business to sell. California is our best source of dependable quality foods of many kinds. It leads the entire nation in total farm production and farm income. Here, for example, is grown 43 percent of the country's vegetables and 42 percent of its fruit and nut crops. Many hands are needed to move these products to consumers throughout the land. Safeway is happy to be among those who provide California agriculture with efficient distribution of its products, not only in this state, but in many other states too. You are welcome to join us as we tip our hats to California agriculture, to our "partners" in the food business.

Doctor Says He'll Press For Admission

Dr. Ben Rosner of San Mateo indicated last week that he will take his fight for admission to the staff of the County General hospital into court.

Dr. Rosner, who has an action against Peninsula hospital pending in court, said after a hearing before the county board of supervisors that he felt he could get no further with the board.

The supervisors cut Dr. Rosner short in the hearing and told him that Dr. Harold C. Chope, county director of health and welfare, has full authority to admit doctors to practice at General hospital and is only bound by the obligation to act reasonably. Dr. Rosner contends that keeping him off the staff because he is not a member of the county medical society is not a reasonable thing.

Dr. Rosner said he was only trying to exhaust his administrative remedies with the board and felt that he had done so. He said he will again ask Dr. Chope to act on his application and, if he refuses, will go to court.

Benefits Ready For Disability

Delay in applying to his social security office can cost a disabled worker his right to social security disability benefits, Mrs. Mercia Leton Kahn, district manager of the San Francisco (Mission) Social Security office points out.

She urges any person who is unable to work because of a severe disability to get in touch with his nearest Social Security office for information about his rights under the Social Security disability program.

Under the disability provisions of the Social Security Act, cash monthly benefits are payable to disabled workers under 65 and to certain of their dependents.

Second Look Is Forecast

With San Mateo county's hopes dashed for immediate action on a new state college, John Carr, State college trustee and a member of the co-ordinating council for higher education, admitted he "wouldn't be surprised if the legislature wouldn't take a second look" at the San Mateo area needs.

His statement came at a meeting of the trustees of the California State colleges at Eureka where they reached an impasse with Chancellor Genn Dumke on giving San Mateo top priority despite a contrary finding by the co-ordinating council.

Carr said he was impressed by the figures Dumke used to support his priority list.

SP Promotes W. H. Schulze

William H. Schulze of Hillsborough, has been appointed freight traffic manager for rates and divisions at Southern Pacific's San Francisco headquarters, the railroad has announced.

Schulze, who has been with SP for 38 years, advanced through positions in the rate and industrial departments to become assistant industrial agent in 1951. He was appointed assistant general freight agent four years later, and became general freight agent in charge of rate adjustments in 1958.

Before his promotion, Schulze held the position of assistant freight traffic manager for rates and divisions.

Fishing Banned On Coast Creek

Sheriff Earl B. Whitmore wishes the fishing weren't quite so good on Pescadero creek this year.

One of the best fishing spots on the stream is at Camp Pomponio, a former Boy Scout camp that is now an honor camp for county jail prisoners.

Fishermen who have been there before have been showing up by the carload, especially on weekends, and just can't seem to believe the signs that say, "NO FISHING ALLOWED." It has led to an occasional argument and a few cases of hurt fellings. The ban, Whitemore says, applies to the prisoners and his deputies, as well as to the general public. What is fair is fair, he says.

Pioneer Hotel Announces New Restaurant Policy

BODEE COMINOLI, who pilots the restaurant and cocktail lounge activities at her **Pioneer Hotel** in Woodside, has announced that, starting this week, the dining room will not be open on Monday or Tuesday (bar will be open). Bodee's reason being that she puts in two shifts—afternoon and evening—feels she's entitled to a few hours of relaxation. Business was never better—not to mention the bonanza for Sunday morning breakfast, which has become a dining tradition with Woodside families and with those who drive in from miles around to enjoy the sour dough pancakes and **Chef Joe Vegas'** blue berry muffins. Friday and Saturday night dancing to **Joe Stenger's orchestra** attracts the dinner-dancing set; banquets and wedding receptions a Pioneer Hotel speciality. If the date of your private party falls on a Monday or Tuesday, Miss Cominoli will make arrangements for your group to take over either the upstairs Stagecoach Room or main dining room. Pioneer Hotel restaurant service has been available here for well over 100 years. Even though the exterior still bears signs of being the stagecoach stop that it was, the interior is as plush and up to date as a jet flight. You'll enjoy cocktails and dining in this historic spot of the West.

ACCORDING TO RELIABLE SOURCES NICK GUST will grant me a three-minute interview right after Mother's Day. Discussion: A forthcoming golf tournament. Have tried to contact Nick these past few days without success. Since moving into his new hill-top mansion, I don't have the unlisted phone number ... Its the time of year when vacations are number one in thought. I found a place, last weekend, that must have been the inspiration for the Huck Finn-Tom Sawyer yarns. It's the **Triple S Ranch** located just four and one half miles west of Calistoga off Petrified Forest road. Here is relaxing at it's best—one hour and 30 minutes from the Bay Area. Grown ups, teen-agers and little ones will find this a fun retreat. There's swimming, comfortable cabins, horseback riding, home-cooked food, cocktail lounge, bar, and 190 acres of open country where you can let your hair down. The prices will please you as much as the vacation facilities. **Henry and May Schellenger** own and operate the Triple S Ranch. Phone WHitehall 2-6730 for information.

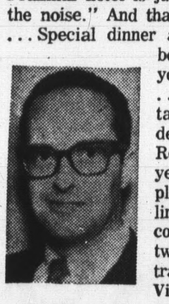
JACK CARTER, a very, very funny guy who's been seen often on the Ed Sullivan show, takes over next Thursday in the Venetian room of the **Fairmont hotel,** with **Billy Daniels** and his "Black Magic" closing Wednesday . . . **Phil Lehr** has a new dish at his downtown Steakery that's a dandy—Pepper Steak Flambe stuffed with cheese. Eye it, try it, buy it, you'll love it . . . **Dave Rapken's** going for Belly Dancing at the **Moulin Rouge.** Opening Sunday: **Carol Joyce,** who does the favorite dance of Egypt with grace, aplomb—and bare belly . . . A martini drinking customer at **Romano's** complained to **Enrico Romano:** "Why don't one of you scientists invent a drink that tastes like a martini but doesn't hit you like a martini?" "Elementary," answered Enrico. "Just boil the alcohol out of the gin." . . . **Pancho's** Mexican restaurant in Redwood City has drawn the highest compliment: Imitation. Not by a local firm, but by an architect from Mexico City who has asked award-winning designer **Don Clever** for specifications, so he can duplicate the colorful spot in Mexico City. "We need a good Mexican restaurant in Mexico City," he concluded.



Jack Carter

SMILING KEITH WILLIAMSON, Burlingame "Chicken King," has "featured" another good idea. Says he, "There are so many Peninsulites who head for Reno and Lake Tahoe on weekends that I suggest they stop by my **Chicken House** restaurant the night before and pick up a couple of buckets of fried chicken to eat along the way. What's better than cold chicken on a trip?" As usual, he's right again . . . Due to many requests, the elegant **Rocca's** restaurant will be open Sunday, May 12 . . . Good seats are still available for the **Limeliters'** concerts tonight at the **Masonic Temple** in San Francisco and tomorrow night at the **Berkeley Community Theater** in Berkeley at 8:30 p.m. Tickets are on sale at the Downtown Center Box Office (325 Mason street); Sherman, Clay, Oakland; Asuc Box Office, Berkeley; UC Box Office at Davis, and San Jose Box Office . . . The **Blue Peacock** is proud to present **Bill Netane** and his group of Hawaiian Dancers and Music (includes **Tui Tonga,** steel guitar; **Bill Netane,** guitar; **Ima Teo'o,** ukulele; **Paul Selu,** guitar; **Princess Rosilana** and **Ligua** (dancers) and **Chief Taua** doing the exciting Fire Knife Dance), who will appear on Thursday, Friday and Saturday evenings, 9 p.m. till 1 a.m.; Sundays, 7 p.m.

RAYMOND COOK wishes to remind you that the **Benjamin Franklin hotel** is just "minutes from the airport and miles from the noise." And that's bull's eye-ing the situation right on target . . . Special dinner at the **Crystal Springs Golf Club** on Skyline boulevard this weekend. Why not take along your golf clubs for a little extra excitement . . . New show into **Bimbo's 365 Theater** Restaurant last night. The review was past copy deadline, so a complete rundown next Friday. Remember, Bimbo's is back on the 365 days a year schedule—which means Sunday should see plenty of action . . . **Bill Mallory** has his Burlingame **Schlegel's** interior resembling a vine covered home in the country. There are even two windows and a roof at the kitchen's entrance . . . Those of you who have dined at the **Villa Hotel** on holidays will know what to expect this Sunday. Make reservations now . . . Ever notice those **Hyatt House Hotel** signs which bulletin the programs in the restaurant and entertainment section? One that caught my eye was cause for a double take. To wit: "Indians like our reservations." "Even umpires enjoy our beef." Credit Manager Ed Sullivan with these witty bits.

Raymond Cook

GLORIA THE IT GIRL, an avid Giant baseball fan, does her finale floor show stint at the **Sinaloa** to "Bye Bye Baby." Believe me, there are no "balks" in her wind up . . . The superb southern dishes that have made the **Original Southern Restaurant** so popular in the past are still available daily, except Tuesday. **Bill Langford** entertains at the Rialto organ . . . **Pierre's** swell little restaurant is now open from 9 a.m. to 9 p.m. daily, except Saturday and Sunday, for breakfast, lunch and dinner . . . Its about time for **Milt Tonini,** the **Princeton Inn** keeper, to "kill the fatted calf" and have another barbecue. He could put a whole steer in the Inn's fireplace—horns and all. Milt wears a miner's cap (with light attached) when cleaing it . . . New York steak dinners are bringing countless new faces to the **Red Lion Inn.** Outstanding atmosphere, outstanding food, outstanding price—$2.95. Don't overlook the Sunday family chicken dinner at the low tab of $2.35 . . . Inauguration of morning and evening flights to Hawthorne, Nevada's **El Capitan Lodge and Casino,** available seven days a week, was announced today by the owners of the casino. Groups of 28 persons are being invited on the chartered flights as guests of El Capitan from all points in Northern California having FAA approved airfields. Write to **Mickey Calhoun, Group Tour Manager of Jim Corbett Travel,** 1228 Broadway, Oakland, or telephone 834-4687 for particulars.

Bertolucci's Favorite Stop For Buddy Greco

LARRY BERTOLUCCI is planning a special dinner for singer **Buddy Greco** during his Peninsula nitery engagement. Last time he played San Francisco, Buddy was a dinner guest at **Bertolucci's** three-times-a-week. His favorite dish is handmade raviolis—which Larry's mom prepares . . . One of the most requested Oriental cocktails is served at the beautiful **Charm Garden** restaurant — "Shanghai Passion" . . . Make the **Cafe del Rio** your out-of-town dine stop this weekend. Only 12 miles south of San Jose on Almaden road. French and Continental full course and a la carte dinners . . . **Brentwood Lodge** will have all its dining rooms open for service this Sunday. That doesn't mean you won't have to make a reservation . . . **Jimmy Murphy** is living up to his reputation as "The glamour boy of the keyboards" during his stay at **Club Waldorf.** He's great! . . . **Cafe El Portal** is ready for the big Mother's Day rush. Dancing to the **Playboys orchestra** from 9 p.m. . . . **Horky's Mexican** restaurants, in Belmont and Palo Alto, offer one of the best selections in Mexican food in the West . . . "Dining with a view" gets the full impact when selecting **Frank Torres' Montara Beach** resort. Here, you have the seaside, coastline, and nearby hills as a backdrop . . . Entertainment is in high gear at the **Morocco Cocktail Lounge** since weekend dancing went into effect . . . Have to check with **Monica** at the **Mountain House** to see what the next fashion show will feature.

L. Bertolucci

Enjoy fine violin playing as well as organ music? You get them both at the Villa Chartier at dinner where Arpad d'Zurko, the gypsy violinist, holds forth with his singing Stradivarius and George Nyklicek and Emil Miller are featured at the Hammond organs . . . Charming Shirley Temple Black, dining at El Picador in Redwood City, gets many requests for autographs. Always gracious, she recently gave her autograph to Sandie Lyerla, celebrating her 17th birthday at the El Picador. Sandie is the daughter of Picador manager Jerry Lyerla.

Reno-Lake Tahoe-Las Vegas

BARNEY O'MALIA, the successful Lake Tahoe (South Shore) **Barney's Casino** owner, is a much admired gent who surrounds himself with efficient help so that whenever he wants to go on a fishing or hunting trip, he and his Mrs. Take off and enjoy life the way "Riley" always wanted to. Although just celebrating its third birthday, Barney's Casino is fast becoming one of the big names in the Reno-Tahoe area . . . **The Lancers and The Kings IV** keep the **Reno Mapes Hotel** throngs in a merry mood. This talent-packed combo is tailormade for the Mapes lounge. Long one of Reno's leading stops, the Mapes Hotel offers dining, lodging and gaming on a 24-hour schedule . . . The **New Christy Minstrels** and **Francis Brunn** are top billed at **Harold's Club** in Reno, along with the **Fran Malione "Blue Ribbon Belles."** That's a "jackpot" billing if there ever was one. Show time: 10 - 12 - and 2 a.m., except Mondays. Music is provided by **Don Conn** and his orchestra. No minimum or cover charge.

Here's Some Recipe Tips To Consider

WE DARESAY that every cook in the world who has ever followed a recipe has occasionally discarded some small direction in it.

Sometimes throwing a recipe tip to the winds doesn't much matter, sometimes it does.

1. Reputable recipes for pached eggs suggest that the skillet or other pan in which the poaching is to be done be greased before the boiling water or eggs are added. Do so! If you do not, the eggs will stick more than necessary when you lift them out, and you'll have a thin layer of tenacious egg white to clean off the cottom of the pan.

2. What used to be known as the hard-boiled egg is now often called the hard-cooked egg. This newer term sounds stuffy, pedantic, and carping, but the intention behind it is honorable. The hard-cooked egg term came into being as a reminder that egg whites, when cooked at too high a temperature for too long a time, really can toughen to the point of becoming rubbery.

3. When artichokes are cooked in water, recipes sometimes direct that a little olive oil or another salad variety be added. This is worthwhile because the oil makes the artichoke leaves glisten and seems to improve the texture of their edible base. If olive oil is used, the flavor also benefits.

4. When we write recipes for preparing asparagus and broccoli, we usually suggest that the outer fibrous covering of the stalks be removed with a swivel-blade vegetable parer. If you want to make sure that the stalk portions of the vegetable cook as quickly as the tops and are tender, you'll enjoy the results of following this suggestion.

Tomatoes Add Taste To Salads

Summer salads can be an unique and welcome treat when you garnish them with a wide variety of bite size tomatoes or slim wedges of cucumbers fresh from your own plants.

A delicious assortment of "Red Cherry," "Red Plum," and "Yellow Pear" tomatoes, each a miniature variety, are now available in plant starter kits. The "Cocktail Tomato" kit is being marketed for the housewife who wants modern exiciting salads and hors d'oeuvres for her family and friends. The tiny tomatoes blend brightly into salads, giving her meals an exotic touch. And that fresh-from-the-garden flavor and crispness of these little gems makes every salad taste its very best.

Because the seeds are evenly spaced at the right depth for best germination, the pre-seeded kits are easy to grow. Cocktail tomato kits should be started four to six weeks ahead of the outdoor planting season. When thinned out, each kit should provide a minimum of eighteen sturdy seedling plants, suitable for transplanting outdoors. Every kit contains complete instructions.

Hibernian Fare Beer Favors

The grand old Hibernian tradition of serving corned beef and cabbage is a time-honored one. And when both the beef brisket and vegetable are simmered in either beer or ale, the amber brew imparts a marvelously subtle yet slightly tangy flavor.

CORNED BEEF AND CABBAGE DINNER

Corned Beef and Potatoes:

- 1 4-pound corned beef brisket
- 12 ounces (bottle or can) beer or ale
- 1 small onion, sliced
- 1 bay leaf
- ½ teaspoon whole cloves
- 4 peppercorns
- 2 stalks celery, with leaves
- 6 to 8 whole potatoes, pared

Put brisket in deep kettle; add cold water just to cover. Add beer. Add onion slices, bay leaf, cloves, peppercorns and celery. Cover; bring to a boil. Reduce heat and simmer 4 to 5 hours, or until tender. During last 30 minutes' cooking time, add pared, whole potatoes.

Cabbage:

- 1 large head cabbage, cut in thin wedges
- ½ teaspoon salt
- ½ cup beer or ale
- ½ cup water

Place cabbage wedges in large skillet. Sprinkle with salt; add beer and water. Cover with a tight-fitting lid. Cook over medium heat 15 minutes. To serve, carefully place drained cabbage wedges on serving platter. Top with corned beef slices. Serve with boiled and drained potatoes which have been sprinkled with finely chopped parsley.

YIELD: 6 to 8 servings.

Save Rich Cookies for A 'Special'

Save these extremely rich and delicious cookies to serve extra-special guests!

Toasted Cheese Roll Sandwiches
Melting Moments
Tea with Lemon or Milk

MELTING MOMENTS

- ½ cup cornstarch
- ½ cup confectioners' sugar
- 2 teaspoons grated lemon rind
- 1 cup sifted flour
- 1 cup butter, softened
- 1 cup packaged fine grated coconut

Sift together cornstarch, confectioners' sugar, lemon rind and flour. Blend butter into the dry ingredients until a soft dough is formed. If dough is too soft to handle, cover and chill about 1 hour. Shape into small balls ½- to 1-inch in diameter. Roll in coconut and place on an ungreased baking sheet about 1½ inches apart. Flatten cookies with lightly floured fork. Bake in a slow (300 degrees) oven 20 to 25 minutes, or until lightly browned. Don't worry if butter oozes out when cookies are first in the oven; it will be reabsorbed by the end of the baking. Makes 3 to 3½ dozen.

Oriental Meal

Want to impress your dinner guests without spending all day in the kitchen? Then, translate the usual steak-and-potatoes menu into exotic sukiyaki and rice. Always prepared before the eyes of diners in Japan, sukiyaki can be cooked in an electric skillet at the table for an extra bit of showmanship. Or make your main dish chop suey or chow mein. Whichever you choose, serve it with hot fluffy rice, and a mandarin orange and lettuce salad tossed with dressing.

Keep the guests happy while you put finishing touches on the meal by letting them nibble Japanese Kabobs—made with that American convenience, refrigerated biscuits. They're best served warm but you can bake them ahead of time, let guests reheat them over a hibachi.

Japanese Kabob Appetizers: Prepare a marinade by combining ½ cup cider vinegar, ½ cup soy sauce, 2 teaspoons granulated sugar and ¼ teaspoon ground ginger in a small bowl. Trim tops from 10 green onions. Soak onions and 2 (7-oz.) cans drained and deveined jumbo shrimp in marinade for 30 minutes. Drain. Preheat oven to 450°. Cut 1 can refrigerated biscuits into quarters and dip in marinade. Alternate on 4-inch wooden skewers: 4 biscuit quarters, 2 shrimp and 1 onion. Place on ungreased cookie sheet. Bake for 6 to 8 minutes. Remove from oven and brush with remaining marinade. Makes 10 kabobs.

Salmon is Diet 'Bet' For Spring

Appetites are keen these spring days, dishes that satisfy are in demand, and the prime requisites for a healthy diet are plenty of vitamins, minerals, and protein, combined with flavor and variety.

Apart from the loaf's honest flavor, you might serve boiled potatoes, golden with melted butter, and a salad of thinly sliced cucumbers, marinated in a dressing of oil and vinegar. A simple dessert and coffee completes a

1 tablespoon lemon juice
¼ cup minced parsley
1 1-pound can salmon

In a skillet saute onion in butter until golden. In mixing bowl beat eggs lightly. Stir in onion and butter, bread crumbs, salt, pepper, lemon juice, and parsley. Drain and flake salmon (save liquid for the sauce) and stir in. Turn into a buttered 1-quart mold and cover tightly. Place in a large kettle of boiling water, letting water come halfway up sides of mold. Cover and simmer for 1 hour. Turn out and serve hot with parsley sauce.

Airy Filling, Tender Crust Highlight Pie

For the grand finale of a special spring dinner, bring out a sparkling, homemade pie for the delight of all.

Here's a perfect one for the season . . . an Orange Delight Pie. The light, airy filling is flavored with orange juice and glinted with coconut flakes.

The crust of this pie is bound to be one of the tenderest, flakiest crusts you've ever baked. The secret is lard.

ORANGE DELIGHT PIE
Pastry
1 cup sifted enriched flour
½ teaspoon salt
4 to 6 tablespoons lard
2 to 4 tablespoons cold water
Orange Delight Filling
¾ cup sugar
1-3 cup cornstarch
¼ teaspoon salt
1½ cups water
3 egg yolks, well beaten
1 tablespoon butter or margarine
1-3 cup frozen concentrated orange juice
½ cup flaked coconut
3 egg whites
6 tablespoons sugar

To prepare pastry: Mix flour and salt. Cut lard into flour until crumbs are about the size of small peas. Add cold water, a little at a time, mixing quickly and evenly through flour with a fork until dough just holds in a ball. Use as little water as possible. Roll to about ⅛ inch thickness and line pan, allowing ½ inch crust to extend over edge. Crimp edge of pastry. Prick pastry with a fork. Bake in a very hot oven (450 degrees F.) 8 to 10 minutes or until lightly browned.

To prepare filling: Combine ¾ cup sugar, cornstarch and salt in saucepan. Stir in water. Cook, stirring constantly, until thickened. Remove from heat. Stir small amount of hot mixture into beaten egg yolks. Add egg yolks to sugar-water mixture. Bring to a boil and cook 1 minute, stirring constantly. Remove from heat. Add butter or margarine, orange juice and coconut. Cool. Pour into baked 9-inch pie shell. Beat egg whites until frothy. Gradually add 6 tablespoons sugar, beating continuously until meringue forms stiff peaks. Spread meringue over filling. Bake in a moderate oven (350 degrees F.) 12 to 15 minutes or until meringue is lightly browned.

DAZZLER — For a dessert to bedazzle friends, it's hard to beat "Peaches 'n' Cream Waffle Shortcake." Spread a whole hot waffle with sweetened whipped cream and arrange drained canned cling peach slices on top. Place another waffle on top shortcake-fashion and spread with more whipped cream, cresting with more luscious canned clings.

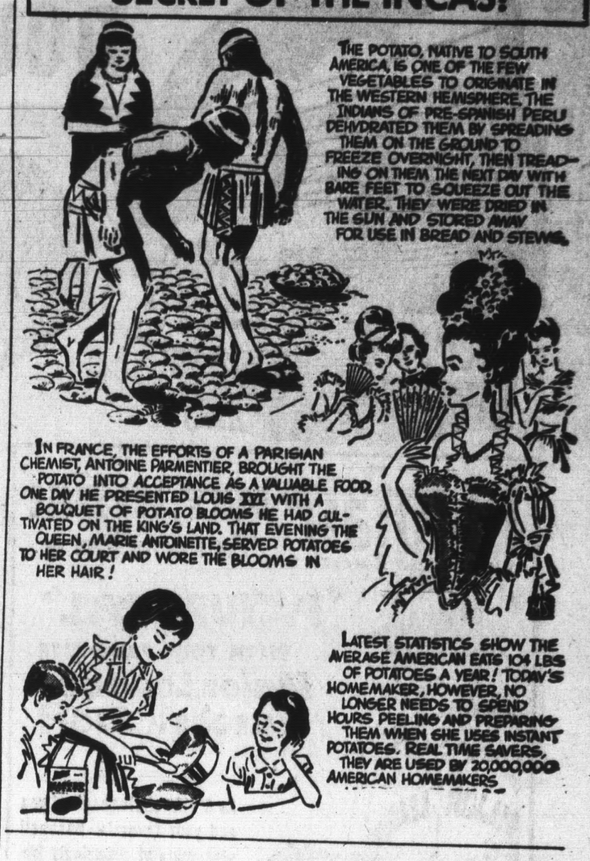
SECRET OF THE INCAS!



Values in Bowl Of Cereal Told

The heart of an adequate breakfast is in a cereal and milk serving. The Iowa Breakfast Studies are the scientific proof back of this statement. Before the experiments known as the Iowa Breakfast Studies, medical, nutrition, and public health authorities had decided opinions that the neglect of the morning meal was harmful to the health of the nation. But carefully controlled studies reported in scientific journals confirming their opinions did not exist. The preliminary experiment in the Iowa Breakfast Studies indicated that eating breakfast made a definite contribution to efficiency in the late morning hours. During the series of scientific studies that followed, an adeuqate breakfast, designated as a basic breakfast was established.

The basic breakfast is defined as one which provides one-fourth the total daily caloric requirement and one-fourth the total daily protein allowance. The basic cereal and milk breakfast pattern consisted of fruit or juice, cereal, milk, enriched toast and butter in sufficient quantities to supply one-fourth of the total daily caloric requirement and one-fourth the total daily protein allowance. The remarkable manner in which breakfast cereal and milk supplement each other makes this serving contribute virtually every important nutrient except vitamin C (contributed in the pattern by citrus fruit or juices).

Here is the meal in the adequate breakfast pictured above: Half grapefruit, strawberry garnish; rolled wheat cereal with milk and brown sugar; raisin bread and butter; milk as a beverage. Flavor and fragrance are part of this breakfast pattern, too!

60-Minute Spring Meals Spotlight Ham

Do you feel like celebrating spring with a glamorous meal, but hate to waste a balmy afternoon in the kitchen?

Try this 60-minute meal spotlighting Golden Ham Slice as the main entree. A center-cut ham slice bakes with an easy pretty topping of grated carrot and crushed pineapple flavored with brown sugar and cinnamon.

A home economist points out that ham slices may be baked, broiled or panbroiled. Slices for broiling should be at least ½-inch thick.

GOLDEN HAM SLICE
1 smoked ham slice, cut 1 inch thick
1 can (8¾ ounces) crushed pineapple
1 tablespoon cornstarch
1 tablespoon brown sugar
¼ teaspoon cinnamon
1-3 cup finely grated carrot

Place ham slice on a rack in an open roasting pan. Bake in a slow oven (300 to 325 degrees F.) 30 minutes. Drain pineapple, reserving liquid. Combine cornstarch, sugar and cinnamon in a saucepan. Add pineapple liquid and cook, stirring constantly, until thickened and clear. Stir in pineapple and carrot. Spread pineapple mixture over ham slice and continue baking 30 minutes. 4 to 6 servings.

Little Rice Can Go a Long Way

A small amount of wild rice goes a long way!

Chicken and Watercress Soup
Crab and Wild Rice Salad
Fruit Compote Cookies

CRAB AND WILD RICE SALAD
8 ounces frozen king crabmeat
1 cup cooked wild rice
½ cup mayonnaise
¼ teaspoon dry mustard
2 tablespoons vinegar
Salad greens and avocado

Thaw crabmeat and remove any cartilage, leaving in fairly large pieces; toss with rice. Mix together mayonnaise, mustard and vinegar; mix with crabmeat and rice adding any more seasoning necessary. Chill. Serve on salad greens with sliced avocado. Makes 4 servings. Crab and rice mixture will be enough to stuff cavities of 4 avocado halves if you wish to arrange salad this way.

Buy Steak Now, Freeze For Summer

A special note for freezer owners! Although the weather may still be a bit chilly for outdoor cooking, now is the time to stock up on the steaks everyone loves so well when served sizzling hot off the charcoal grill.

High-quality beef is quite abundant at this time. This means probable savings on all cuts of beef, including those tender steaks for grilling or broiling. You'll be money ahead if you purchase steaks on "special" now and hold them in your freezer until the days turn hot.

An authority on meat offers the following advice on freezing. Package steaks and chops according to the number of servings needed. Roasts and pot roasts should be cut into convenient sizes for family use. Ground meat should be shaped into patties or packaged in amounts for loaves or other dishes.

All meats for freezing should be wrapped closely in moisture-vapor-proof material and sealed tightly. To insure easy separation before cooking, place two pieces of freezer paper between steaks, chops and patties. Label the packages, noting date, cut and weight or number of servings.

Meat should be quickly frozen at as low a temperature as possible and stored at zero degrees or lower. Since the frozen food storage compartment of many household refrigerators is not designed for rapid freezing, it should not be substituted for a home freezer when meat is to be stored for long periods.

The recommended maximum storage times for meat properly wrapped and held at zero degrees are 1 to 3 months for ground pork, 3 to 4 months for ground beef and lamb, 2 months for cured and smoked pork, 3 to 6 months for fresh pork, 6 to 9 months for beef.

Meats not recommended for freezing are bacon, bologna, frankfurters, fresh pork sausage, canned hams, picnics and corned beef. The flavor and texture may be adversely affected. In an emergency, these meats should be frozen for a short time only.

DECAPITATED?

MIAMI (AP)—A man involved in a three-car collision was hospitalized in shock. Later he told officials he thought a woman's head was knocked off in the accident. He was informed the impact dislodged a woman's wig and it, not the head, fell to the ground.

Bonsai Trees Are Chosen as Plant of the Week

TINY BONSAI trees have been selected plants of the week to honor the ninth annual Bonsai Spring Exhibit at the Palo Alto Buddhist church, 2751 Louis road, Saturday and Sunday. These gardeners are putting on last touches on favored plants.

Service News

DUANE CAREY

FORT BUCKNER, Okinawa — Army Sergeant First Class Duane F. Carey, whose wife, Mary, lives at 342 Paloma avenue, Pacifica, has been assigned to the army military police group at Fort Buckner.

Sergeant Carey entered the army in April 1946 and arrived overseas on this tour of duty in March.

JOHN AMADOR

FORT SILL, Okla. — Army Pvt. John H. Amador, 18, son of Mr. and Mrs. Horace A. Amador, 301 Evergreen avenue, Daly City, has completed eight weeks of training as a cannoneer at Fort Sill.

Amador was trained as a crewman for field artillery gun or howitzer units. He entered the army last November and completed basic combat training at Fort Ord.

He is a 1962 graduate of Jefferson High school.

Four Tiny Bonsai Are Times Plant of Week

Not one but four of the tiny trees known as "Bonsai" are The Times Plant of the Week. For the past several weekends local members of the Peninsula Bonsai club have been studying their hundreds of bonsai for just the right specimens to exhibit in the coming Bonsai Spring Exhibit to be held in the Palo Alto Buddhist church, 2751 Louis road, May 18 and 19. The exhibit will be open to the public without charge from 12 noon to 9 p.m. Saturday, May 18 and 9:30 a.m. to 8 p.m. Sunday, May 19.

Some very fine old specimens of this ancient art of dwarfing normally huge trees will be on display. From San Mateo S. Sawamura, Delaware street, is giving an 80-year-old "Foxtail Pine"; M. Umchara, Grant street, trains an ancient maple; M. Furuya, North Eldorado, clips a wrongly shaped branch from a 200-year-old cypress; and M. Kajikami, North Eldorado nips out an unruly leaf from an 80-year-old "Satsuki azalea."

Every one of the more than 80 members of this all Japanese group of bonsai enthusiasts are giving their best plants a last minute going over for in addition to these plants being on public display they will be checked by their teacher and master, Ken Sugimoto of Ken's Bonsai garden in Palo Alto. Each plant that shows an improvement over the last time it was exhibited will receive the coveted little wooden flag of recognition.

The art of Bonsai is truly ancient for it was practiced by nature on the rocky windswept coast of Japan from the time there were trees and an island. Trees that sprung from seeds lodged in rocky crevices high in the mountains lived for a century or more, yet remained dwarfed. Windblown, gnarled and twisted, their weathered appearance caught the beauty-loving eye of the Japanese and he began imitating nature. First, by diggin up old naturally grown specimens from mountains and sea cliffs then by planting seeds and keeping the roots restricted. These trees are not starved or mistreated, they are the pampered darlings of the garden. They get all the nourishment their small root system and top can handle, they are watered and fondled daily and the training of their branches is much less painful than the nightly "roll-up" practiced on both children's and ladies' hair.

Many of the trees that will be seen at the Peninsula's Spring Exhibit were brought over from Japan before import restrictions were imposed. Some were obtained many years ago from our own mountains (special permits to dig these trees were issued in years past) but many were purchased from local nurseries and trained and some were grown from seed. Every type of tree that we can think of has, at some time or other, been dwarfed, but some are easier than others.

There are as many styles of Bonsai as there are trees. Slanting, upright, horizontal, trailing, or cascades, umbrella forms, and steps, are only a few. The Japanese are also governed by a set of rules pertaining to each variety of tree for their code calls for the tree to resemble in miniature a full grown specimen of that particular variety.

Bonsai is an interesting hobby and one that anyone with only a porch for a garden can practice. Ken Sugimoto will give a demonstration of potting and training bonsai each day of the exhibit. Members of the Bonsai club will be pleased to answer any question on the growing of these delightful garden plants.

Exhibiting from San Mateo are: S. Kawakita, M. Kajikami, M. Kitagawa, Y. Kobayashi, M. Shinoki, M. Furuya, J. Tekawa, M. Umehara, K. Tsubokura, S. Ota, S. Sawamura, B. Kato, B. Takemori, H. Yamashita, T. Shigemoto, Z. Uchida, M. Watanabe and vice president of the club, S. Sugimoto. Each of these members has from 25 to 200 of these dwarfed trees so it is difficult to choose the two or three plants that will carry their colors into the Bonsai show.

Door prizes each day and Bonsai cultural demonstrations will be a part of the two-day show.

Attic Can Add More Living Space to Home

By ANDY LANG

Turning your attic into one or more finished rooms is often the most practical way of creating more living space within the confines of your home.

Whether you do the work by yourself or have it done professionally, it is important that you give considerable thought to what can be done to take advantage of the physical characteristics of the usual attic. The sloping eaves prevent the new walls from being built close to the sides or exterior walls of the house, leaving a considerable amount of space behind the finished rooms. In fact, in some cases there is almost as much floor space in back of the walls as there is in the enclosed or living area.

Assuming that the attic is properly insulated and ventilated, this space can be used for storage, and usually is. But the well-planned finished attic does more than that. It utilizes the area behind the walls for built-ins, thus allowing more room for furniture and accessories not especially suitable for that type of construction.

Bookshelves get a particularly big play as built-ins, since they fit so easily between studs, the backbone of attic framework. Also popular, and simple to make, are closets, for clothes or almost anything else.

Dahlias Add Summer Color For Gardeners

By IVA NEWMAN

Dahlias are a gift to gardeners from Mexico where they were used as a garden flower before the coming of the Spaniards. However, few of those original types are to be found as the dahlias we know are all hybrids. So enthusiastic are the dahlia hybridizers, the American Dahlia society is hard put to provide suitable classifications, but, these same hybridizers have provided the home gardener with a most colorful and useful, easy - to - grow flowering plant.

There is a dahlia flower to suit everyone's taste and for every flower need. Flower sizes range from the huge blossoms a foot across held erect by stems like broom handles to the dainty little pompons an inch in diameter on nodding stems. Flower petals and flower form offer a wide choice and few flowers have the wide range of color offered by dahlias.

"Till Debt Do Us Part" . . .

With your love, you can also give your husband the home he will want. Besides furniture selections, clothing needs, meal planning, insurance and savings planning, there are other needs to be considered in family life. Balancing the budget may become foremost.

The realization that all your material needs must fit into the scope of your family earning power is important. The worst way to set sail on the "sea of matrimony" is in a ship laden with debt.

The Most Sensible Solution Is . . .

a frank look at your joint ability to earn an income, as well as what would happen if either of you became ill or unable to work. You can prepare yourself to earn $300.00 per mo. or more in just 4-6 weeks of specialized training to be an IBM Operator in the career field with a future as sound and secure as you will want yours to be. For an informative Booklet outlining proven training programs that will help you increase your family income send a card or letter to Gene Simmons, 41 E. 3rd Ave., San Mateo, or Phone DI 2-3249. No obligation, of course.

Plan Ahead . . . For Hubby Too!
